CAMPUS MASTER PLAN GUIDING FRAMEWORKS & GOALS

AN INCLUSIVE CHICO STATE
Promote an inclusive environment by fostering a welcoming campus, access to robust support services, and facilities reflective of a diverse population.
- Improve services and facilities for counseling, health and wellness
- Increase resources to address food and basic needs insecurities
- Provide new and renovated facilities and open space to reflect today’s student

AN EXPERIENTIAL CHICO STATE
Elevate the student experience by increasing the number of students living on campus and ensure all students have access to robust dining, recreation, and support options.
- Dedicate the campus core to the student experience
- Enhance opportunities for campus activity beyond classroom hours
- Create equitable student housing close to the campus core
- Improve and expand facilities for recreation, athletics, and learning

A LEARNING CHICO STATE
Enrich the academic and research environment through targeted building renovations and expansions, combined with strategic investment in new facilities.
- Transform the academic environment for today’s student
- Enhance opportunities for campus activity beyond classroom hours
- Create equitable student housing close to the campus core
- Improve and expand facilities for recreation, athletics, and learning

A CONNECTED CHICO STATE
Make campus a more welcoming place for visitors through improved wayfinding. Explore mixed-use partnership opportunities and investment in strategic community assets.
- Enhance regional assets such as the University Farm
- Seek partnership opportunities with the City of Chico
- Create a visible and accessible arts and culture district

A MOBILE CHICO STATE
Provide safe and accessible pedestrian routes across all of campus. In key areas, expand bicycle access and support facilities to encourage sustainable modes of transit.
- Consolidate existing parking opportunities
- Improve safety and campus character of the Ivy/Warner corridor
- Extend and clarify the pedestrian network
- Re-introduce non-motorized vehicles into campus

A SUSTAINABLE CHICO STATE
Invest in sustainable strategies such as on-site renewable energy production to achieve net zero. Enhance existing natural amenities such as Big Chico Creek.
- Implement carbon reduction strategies to achieve carbon neutrality by 2030
- Phase off natural gas and increase on-site renewable production
- Decentralize campus energy systems into efficient district level systems
- Improve landscape and stormwater function and aesthetic

A LEARNING CHICO STATE
- Enhance the academic and research environment through targeted building renovations and expansions, combined with strategic investment in new facilities.
- Transform the academic environment for today’s student
- Maximize existing academic space
- Increase facilities to improve the academic and research environment

A CONNECTED CHICO STATE
- Enhance regional assets such as the University Farm
- Seek partnership opportunities with the City of Chico
- Create a visible and accessible arts and culture district

A MOBILE CHICO STATE
- Re-introduce non-motorized vehicles into campus
- Decentralize campus energy systems into efficient district level systems
- Improve landscape and stormwater function and aesthetic
