6. *Serving food?*

- Catering?
 - i. Caterers must be approved before coming onto campus. There is an approved caterer's list that resides in Procurement however; it is currently being updated so in the meantime if you need catering information, the contact is Jennifer Thayer in Procurement. In addition, if you would like to find out about the process to have a caterer added to the list, she can work with you on that also.
- Self Prep/Serve?
 - a. In most cases, an Application for Food Serving Permit (link on website) will need to be submitted to Facilities Reservations & processed with EHS. Certain requirements must be met and EHS will help you with any issues you might have.

- Review the University Policy on Hospitality Expenses ([EM 09-07](#))

1. Promotion/Notification?

- Who is in charge of the communication plan? (agenda, invitation text, announcement text, workshop description, (you may want to think about the location where you are having your event – it might be a good idea to have someone contact Facilities Management Services to see if there are any maintenance projects scheduled for your area – let's say you have an outside event and they are going to be taking a tree limb out) contacting Facilities Management Services to check on any maintenance project conflicts, or other communications)
- Use of Campus Calendar, campus announcements, other
