Theme # 6

The major ideas / proposed actions / implementation steps/ assessment of priorities emerging from this conversation are:

Conversations regarding data needs and forms continued.

All participants were provided with the "Final Report of the Possibility Conversations" (Item 6)

Data Bank

Initiatives have started on campus but have yet to be publicized. Data Warehouse and its tools and analytics. We need to be able to use this to reflect and understand what is happening.

Data Bank

- Blackboard Analytics
- Oracle (OBI)
- Engine Data Definition
 - Governance needed
- Report custom reporting
- We don't have time for an RFP—will award from 2 CSU qualified vendors

Issue

- Talent for task
- Consultants to do work

- Ongoing funding

Forms

2 vendors have been identified for the Document management system

Document Management (Roll-out and funding are unclear)

Vetted/adopted

- enrollment management
- credential
- financial aid
- OIE
- Assorted others
- Image Now? Extension??

Forms

- Acceptable structure
- Platform standards
- Campus-wide expertise

ePortfolios

E portfolios (students)

Platform has been chosen but not vetted with programs

Action—vet for program to program applicability

E portfolios (faculty)

- Provides data for productivity/creative contribution evaluation
- Accessibility
- Examples, Digital Measures and Sedona (faculty research programs)
- What's the work? Direct Cost?

E Advisor (roll-out, Chancellor's Office supported)

- Talent for task???

Interdivisional and Intradivisional Collaborations

A topic that was identified that will be discussed further at the next meeting.
