

Dear Friends,

To honor the **10th Anniversary** of the opening of **Gateway Science Museum** we invite you to become sponsors for a very special year of events, beginning on February 29, 2020 with a birthday celebration. The 10th Anniversary donor package includes recognition onsite and online, educational programs in your honor, and a commemorative gift.

As you see from this snapshot, our contributions to the community and to student success have been robust, engaging, and full of fun activities for all.

Through changing hands-on and minds-on exhibits, native plant pollinator garden visits, field trips for students, lectures for lifelong learners, and a variety of educational programs, Gateway is an integral part of the community and California State University, Chico. A visit to Gateway offers visitors an enjoyable and memorable experience.

To those of you who have been donors in the past, we thank you for your thoughtful, passionate, and generous support of the Gateway. For those of you who may be first-time donors, we welcome you and encourage you to become ongoing members of our giving family. Please find the enclosed list of donor levels and accompanying benefits and a contribution form for your payment or pledge.

Again, thank you for your generosity in supporting the museum and our mission to inspire the exploration of science and natural history in our region and beyond.

Please help us kick off the next 10 years by donating now. Stay tuned for more details about all the events in 2020!

Best regards,

Adrienne McGraw
Executive Director
