## PAVE THE WAY TO THE GATEWAY

Museum is to inspire the exploration of science and natural history in our region and beyond. The museum combines the resources of California State University, Chico and the surrounding region to provide educational and culturally enriching hands-on science experiences.

The museum showcases high-quality interactive exhibits and exciting activities to enhance regional science education. It is dynamic in content, offering unique activities throughout the year, along with summer camps and special programs.

Purchasing a Legacy Paving Stone is a meaningful way to support the Gateway Science Museum. Pavers are placed in Founder's Plaza adjacent to the museum entrance, where visitors will see and appreciate your lasting message as a museum supporter.
