Introduction:
This Wildlife Wonders topic is “Amphibians”. This topic discusses the different types of Amphibians in our area and some around the world. This week’s activity includes a very creative and fun project!

Activity:
This week you are going to attract amphibians! Find a moist area in your backyard or garden, set up a water source area for the creatures to hydrate, and remove toxic chemicals. You can use a flowerpot and put it upside-down with one side leaning against a rock to create a little home.

Invitation:
1. Take a picture of your garden and any creatures you attracted
2. Go to our Facebook “Gateway Science Museum, California State University, Chico” and submit in “Write a post”
3. Post on your Instagram and tag us @gatewaysciencemuseum
4. Use hashtags: #GatewayFromHome #GatewayScienceMuseum
