6. EO 1100 – Section 2.2.2: Changes to EM 10-001 and other action
 - a. Update: EO 1100 now says that a grade of C or better is required from all students in Area A.
 - b. For WP courses, you need at least a C- or better
 - c. Proposal: C- would no longer be a possible grade for any Area A course (including Advanced Course Subs in A4) – discussed but no decision reached. Faculty from the primary departments with courses in Area A will be surveyed.

- d. An amendment to EM 10-001 to remove the “minus” (and possibly remove the C-grade altogether) will need to be made once a decision is made

7. 3 Courses to a Stone – EM 10-001 and discussion

- a. Extensive deliberation regarding pros and cons of changing the stone limit from 3 to 4, for now we won't make changes to the stones and will pursue other methods to deal with heavily subscribed courses, including encouraging departments to apply for Major Course substitutions.

8. Naughty List 2014-15: Update

- a. 2 courses will be officially gone as of next semester
- b. PHIL 109 will be gone soon as well
- c. ENGL 240 and 260 were offered but were cancelled due to low enrollment, others had staffing issues due to sabbaticals.
- d. AIST 170 can only be offered in the fall (MEST 110 is a spring only course, could this become a slashed course in GBI?)
- e. Can two different courses from different departments be slashed? No. (so above proposal wouldn't work)

- b. GE Planning sheet isn't consistent with the DPR--Advising will create a new planning sheet after the catalog comes out.
- c. Food Studies in Upper Division Pathway has incorrect info in the DPR
- d. For each SLO area that we're currently assessing, we need one person from each area to be responsible for updating that section in the CAB BbL
- e. Election of new pathway coordinators impending – Nichols will take care of this
