

Online Learning Resources

[Keep Learning](#)

The Keep Learning page offers support in learning Zoom, Blackboard, and other Internet software. It includes links to many other pages for a wide range of online-learning support from checking grades on Blackboard to how to navigate Zoom. There is also a live chat assistance available for any technology learning questions. The tips and tutorials are very helpful and informational.

Highlights and links from the Keep Learning page:

[Live Chat](#) - Live support for questions about the things found in Keep Learning.

[Academic Planners](#) - This page offers templates and tips on how to use an academic organizer. This is helpful for students who are having trouble keeping a schedule while learning online. There is also a “how to” link on using the Blackboard calendar as well as a link to an online planning app called Trello.

[Online Coursework Tips](#) - This page also has a list of tips as well as a handful of videos from students who have experience in online coursework.

[Internet & Software](#) - This page gives internet and software resources to students. They also provide links for students on how to get free or affordable internet service. The software resources that are provided on this page include Office 365, Adobe Creative Suite, and LinkedIn Learning.

[Learning Support Services](#) - This page links to the digital/virtual offerings from the Student Learning Center, the Writing Center, and Meriam Library. It also links to this [Campus Learning Support Services Google Doc](#) for discipline-specific tutoring.

[Blackboard Learn](#) - This page compiles multiple pages of introductory-level instructions for BBL (navigation, communication, grades, blogs & journals, exams, discussion boards, assignment submission, Turnitin, and Kaltura).

[Zoom](#) - This page compiles multiple pages of introductory-level instructions for Zoom (getting started, scheduling a meeting, screen sharing, and chat).

[Meriam Library](#)

The Meriam Library offers resources for online instruction such as virtual chat services with librarians from Chico State. This page also provides a long list of online library resources including the links for OneSearch, the database, and ebooks. In addition to this they offer guides to help navigate using their website for research.

[Online Curriculum Support](#)

The Online Curriculum Support page allows students to access library materials such as journal articles and ebooks as well as how to find reliable sources. Students can also utilize the Digital Media Bank that gives them access to images, sound, and video. There is also a link for Chico Affordable Learning Solutions resources offering free and open classroom resources.

[Covid-19 News & Information](#)

This page is a good place to start off when looking for student support when it comes to online learning. They offer resources such as technological support and virtual services. There are also resources for student wellness on this page. There is also a very helpful Student FAQ on this page.
