GET Mobile: Campus ID Card Management User Guide

Éstom Jámani Dining Guide to Configuring the GET Mobile App for FireLane To-Go Orders.

To install, locate the correct app for your device using these QR codes:

![Android QR Code](androidqr.png)

Android

![iOS QR Code](iosqr.png)

iOS

After you install and launch the app for the first time, you’ll need to configure a few settings.
First, search the list of institutions for California State University – Chico, and proceed to log in using your CSU, Chico credentials. 2-step verification with Duo will be required.

Once you are logged in, you’ll need to go to “Settings” to confirm your email and phone number. We use push notifications to inform you when your order is ready to pick up, so it’s very important to use an accurate cell phone number.
To place an order for pick-up, tap the “Order” tab on the bottom of the screen. A list of available merchants will be displayed to order from. Meal Plan merchants require you to have an active meal plan, while Campus Currencies merchants accept REDD$$, Flex$$, and Wildcat$$. If you have a meal plan that has run out of meals, you may continue to order through the Meal Plan merchants as long as you have at least $10 in a campus currency on your card, at a rate of $10.00/meal. Different merchants have different hours of operation, so please pay attention while placing orders. All orders are prepared as soon as they are placed.

Select your merchant, select your entrée and applicable options, then “Add”. Meal Plan merchants are limited to one meal bundle per order, and although you may place multiple orders at a time, you must have an Ozzi token for each order you are picking up.
Select “View Cart” to check out. Under payment method choose “Meal Plan” or the appropriate currency. Make sure your phone number is correct, and enter any necessary order notes. To finalize your order tap “Place Order”.

- **Smash Burger**
  - Build your own burger. Start with choice of protein, bread, and sauce, and choose up to 2

- **Meal Plan**

**Order notes**
I have a shellfish allergy, please take care preparing my order. Thank you!
When your order is ready, you will receive a push notification from our staff. Please do not enter the building until you receive this notification. All food items are picked up from the Fire Lane Express door located behind the Wildcat Den. **You have 30 minutes from the time of the notification to pickup your meal.** After 30 minutes we must dispose of unclaimed meals to ensure your safety. No refunds will be available for missed pickups. Additionally, to pick up meals from Éstom Jámani Dining, you will need to bring your Ozzi token. In our efforts to promote sustainability, we have switched to reusable To-Go boxes. Each resident is given a token upon move-in or picking up their first To-Go meal. When you bring your To-Go container back and insert it into the Ozzi return machine just inside the door to The Hot Spot Grill, you will receive a new token to be used for your next To-Go meal. Do not lose these tokens, they are your responsibility and enable you to pick up to-go meals. If you lose your token, you will be able to purchase a new one for $5 at the Éstom Jámani Dining front desk.
