

ELIGIBLE EMPLOYEES

To be eligible for plan coverage:

- An employee must be appointed at least half-time (equivalent to 7.5 weighted teaching units for academic year appointments) for more than six months, or:
- If employed in a R03 Lecturer or Coach Academic Year position, employee must be appointed for at least six (6) weighted teaching units for at least one semester.
- Qualifying appointments may be either permanent or temporary.

Once an employee has acquired eligibility and has enrolled in a plan, they may continue enrollment during subsequent continuous appointments of at least half-time (or 6.0 weighted teaching units) regardless of the duration of new appointment.

There are two types of CalPERS Basic health plans available to CSU State employees:

Health Maintenance Organization (HMO) Health Plans: HMOs offer members a range of health benefits, including preventive care. The HMO has a list of doctors from which you select a primary care provider (PCP). Your PCP coordinates your care, including referrals to specialists. Other than applicable co-payments, you pay no additional costs when you receive pre-authorized services from the HMO's contracted providers. (Certain exceptions may apply. Please refer to the evidence of coverage booklet, which can be found by visiting the plan's website.)

Except for emergency and urgent care, if you obtain care outside your HMO's provider network without a referral from the health plan, you will be responsible for the total costs of services.

Preferred Provider Organization (PPO) Basic Health Plans: Unlike an HMO, where a primary care physician directs all your care, a PPO allows you to select a primary care provider and specialists without referral. You must use doctors in the PPO network or pay higher co-insurance (percentage of charges). In a PPO health plan, you must meet an annual deductible before some benefits apply. You are responsible for a certain co-insurance amount, and the health plan pays the balance up to the allowable amount.

The CSU, as a state employer, contributes a substantial amount to your health benefit coverage.
