

Evaluate for Cabinet Review

The University Cabinet has determined that projects and software acquisitions that meet **any** of the following criteria require agreement by Cabinet to proceed:

- Any situation where application/system failure would result in a significant impact to the campus
- The project implementation has significant impact to internal business processes
- The project involves emerging or new technologies
- The project's Total Cost of Ownership (TCO) exceeds \$250K Year 1/\$500K five years including: application, infrastructure, consulting, staffing, training, maintenance and/or hosting, and other related costs
