| NFSC 560 | Motivational Interviewing for Allied Health | 3 | |
| NFSC 460L | Nutrition Counseling Practicum (FitU Mentoring) | 1 | |

***Five of the six DPD pre-requisite courses must be completed before declaring the option in General Dietetics.**

All DPD coursework must be completed with a C or higher. Students who earn an incomplete or less than a C in any required DPD course are automatically put on academic alert. The student must retake the course during the next semester the course is offered to avoid being removed from the option in General Dietetics.

Course Plan

Meet with a pre-dietetics advisor or the DPD Director to map out your remaining semesters.
