

# California State University, Chico

*Today Decides Tomorrow*

## The University

California State University, Chico is a fully accredited, state-supported member of a 23-campus CSU system. The university is a residential campus serving a diverse student body of approximately 17,000.

Founded in 1887, CSU, Chico offers undergraduate and graduate programs in the Colleges of Behavioral and Social Sciences; Communication and Education; Computer Science, Engineering and Construction Management; Humanities and Fine Arts; Natural Sciences; Business; and Agriculture.

As a comprehensive university serving Northern California and other regions nationally and internationally, our first priority is the education of our students. We are committed to assisting students in their search for knowledge and understanding and to prepare them with the attitudes, skills and habits of lifelong learning in order to assume responsibility in a democratic community and global society.

## The Community

With a population of nearly 110,000, Chico is located in the Sacramento Valley near the foothills of the Sierra Nevadas. It is 180 miles northeast of San Francisco and 90 miles north of Sacramento and offers a reasonable cost of living compared to metropolitan areas.

Chico retains the charm of a small town while offering medical services, excellent public and private schools, and many cultural and recreational activities. The city's Bidwell Park, one of the largest municipal parks, extends from the city center along a creek deep into the foothills and surrounding canyons. For more information:

### Qualification Details:

The Department of Nutrition and Food Science is searching for an Assistant or Associate tenure-track position in Nutrition/Dietetics and Director of the CSU, Chico Dietetic Internship Program (DI) to start August 21, 2019. CSU, Chico is seeking faculty who are competent in their field, collaborative with colleagues and staff, and committed to student success and working with diverse students.

**Minimum Qualifications:** The minimum requirements for appointment to this position are a master's degree in Nutrition or related field, the Registered Dietitian Nutritionist (RDN) credential, and a minimum of three years professional experience post credentialing. Candidates with a master's degree must show evidence of being enrolled in a doctoral program at the start of the academic semester of appointment (August 21, 2019).

Ability to perform research and scholarly activities and seek external funding; develop curriculum, teach undergraduate and graduate courses in a Commission on Accreditation Council for Education in Nutrition and Dietetics (ACEND) - accredited undergraduate program and other department programs, teach general education courses and participate in department committees.

The successful candidate should be willing to assume a leadership role in managing a departmental program. The successful candidate should also demonstrate a commitment to and/or experience promoting and fostering a learning environment that is supportive of individuals from diverse backgrounds.

**Preferred Qualifications:** Doctoral degree in Nutrition or related field, teaching experience, mentoring experience. Experience as a dietetic internship preceptor or DI Director.

**Responsibilities:** The Department is seeking a Director for the CSU, Chico DI Program. Release time is associated with this position. The tenure-track position also carries responsibilities in the area of teaching undergraduate and graduate courses, scholarship, and service (student advising, other department needs). Teaching assignments are based upon the qualifications of the individual and needs of the department. Normal faculty duties include undergraduate and graduate advising and serving on college and university committees.

**The Department:** The Department of Nutrition and Food Science (<http://www.csuchico.edu/nfsc>) in the College of Natural Sciences (<http://www.csuchico.edu/nsoci/index.shtml>) includes 10 full-time faculty, about 30 graduate students, and approximately 250 undergraduate majors and offers programs leading to a bachelor's and master's degree. Its faculty represent a wide range of interests. Department programs are enhanced by laboratories for courses and research in foods, food science, foodservice, nutrition, and community nutrition. Campus support services, such as a library and technology learning and support, are easily accessible. The successful candidate will be provided with start-up research funds and release time in the first two years of appointment to help in the establishment of a research program.
