School of Nursing  
Course Information – Semester 2  
Spring 2020

Spring classes begin on January 21, 2020. Faculty will use Blackboard (Bb Learn) to communicate with students regarding orientation and other class information.

**Check your Wildcat e-mail** to get updated communications on all your classes

**Clinical Requirements**- Updates of all clinical requirements are due to SentryMD.com by Thursday, January 2, 2020. Please note: If clinical requirements are not updated by January 2, students may be unenrolled from clinical courses, which could affect financial aid eligibility. You will also lose professional points in your courses if this is not completed on time.

**Enloe students**: A mandatory orientation for all Enloe students on January 21st 8:00am-12:00pm

You must also complete all the modules that are required by Enloe Medical Center before orientation

**Register for the following courses:**

- **N303 Med/Surg Nursing Pharm** – Registration # 4459
- **N304 Practicum in Acute Care**-Registration numbers below
- **N311 Nursing Informatics**- Registration # 4499
- **N312 Nursing Research**- Registration #4500

See Class Schedule on the web. Courses are described below. Course syllabi and supplements will be available in Blackboard Learn. Please print out all syllabi and supplements prior to class.

**N303 Med/Surg Nursing Pharm** -This is a 4-unit course which covers the pathophysiology, pharmacology and care of the adult patient with disorders of following systems: Cardiac, Renal, Gastro-intestinal, Endocrine, Integumentary, and Musculoskeletal systems. Class meetings are on Wednesdays and Fridays from 1100-1250 in Holt 363. The course syllabus will be available in Bb Learn when the semester begins, please bring a copy to your first-class meeting. Faculty will post lecture outline and reading assignments prior to classes, check Bb Learn regularly so you can be adequately prepared for the class. If you are interested in getting started before the semester begins, you could begin reading the cardiovascular content.

**N304 Practicum in Acute Care**-This class is the clinical component of NURS 303. The class meets on Tuesdays from 0630-1830 for 16 weeks at designated clinical sites (see below for locations). Orientation will be during the first week of class at the specific locations as directed by your clinical instructor. Please check your course email for announcements of specific information from the clinical instructor. Bring a copy of the N304 syllabus and supplement to orientation

Revised 10/19. E Musvosvi
with you, wear your School of Nursing scrubs, and name tags. Additional clinical experiences will include time in the skills lab, specialty observations in the hospital, ambulatory clinic setting, and simulation training. Simulation is conducted at the Northern California Rural Simulation Center, located at 560 Cohasset Road, Chico. You will have specific instructions and dates for simulation and skills days within Blackboard Learn.

Register for one section only:

Section 1 (Registration # 4477) - Enloe Medical Center in Chico
Section 2 (Registration # 4478) - Enloe Medical Center in Chico
Section 3 (Registration # 4479) - Oroville Hospital in Oroville
Section 4 (Registration # 4480) - Adventist Health + Rideout Hospital Marysville

ATI Dosage Exam:

Students will be given an ATI proctored dosage exam (ATI Dosage Calculation RN Medical Surgical Proctored Assessment 3.0) in Week 1-2 of the semester. It is advised that students complete the ATI drug dosage tutorial (within the last month), and achieve a 90% or greater. **Students who score less than 90% on the dosage calculation exam will not be allowed to administer medications.** If students score below a 90%, they will be expected to repeat the dosage exam until a 90% is achieved. An ATI dosage re-take is usually scheduled 1-2 weeks after the original dosage exam by your clinical instructor. The Dosage Calculation RN Adult Medical Surgical Assessment 3.0 is a 25-item assessment that addresses drug calculations and conversions used when caring for clients with medical-surgical disorders. Items may reflect a client focus that is based on selected disorders of the respiratory, cardiovascular, hematologic, fluid and electrolyte, renal and urinary, endocrine, gastrointestinal, neurosensory, musculoskeletal, lymph, immune, infectious, and integumentary systems.

N311 Nursing Informatics - This class meets on Mondays from 1300-1450 in Holt 363. Information will be provided by the instructor in Blackboard Learn.

N312 Nursing Research - This class meets on Mondays from 1000-1150 in Holt 363. Information will be provided in by the instructor in Bb Learn.

Textbook Information: The same textbooks are used for N303 and N304. Other textbook information is provided in the course on Bb or you can find textbook list on the CSU- Chico Class Schedule.
