FALL classes begin on **August 22, 2022.** Faculty will use Blackboard Learn and Wildcat email to communicate with students regarding orientation and other class information.

A **mandatory orientation** for N 414 students in sections 1, 2, will be held **August 22, 2022**

**Clinical Requirements** – All clinical requirements must be completed by **July 22, 2022.** These requirements include updating proof of health, providing proof of COVID-19 vaccination, as well as any expiring immunizations (i.e., PPD test and flu vaccine or CPR certification). If your CPR expires soon, schedule renewal now and make sure you take the correct course.

**Note:** If clinical requirements are not updated by **July 22,** you will be disenrolled from clinical courses, which could affect financial aid eligibility.

You must also complete all of the OAK modules that are required by Enloe Medical Center by **August 23,** otherwise you will not be allowed to participate in Enloe clinical activities until this requirement is met.
