

**School of Nursing**  
**Course Information – BSN Semester 5**  
**Fall 2021**

**Semester Overview:**

The 5<sup>th</sup> and final semester of the program is very busy with many courses and clinical sites to coordinate. Students will enroll in two theory courses and two clinical courses. Please see below for course registration numbers, descriptions, important dates, required texts/materials, and other relevant content. Many precepted clinical sections and sites will require a commute. **Fall Classes begin Monday, August 23 and end on Friday, December 17, 2021.**

**Clinical Requirements:**

**Clinical Requirements – This is extremely important. Updates of all clinical requirements are due to SentryMD by Monday, August 2, 2021** (subject to change...check School of Nursing website). These requirements include updating proof of health and auto insurances (make sure your name appears on the submitted policy), as well as any expiring immunizations (i.e., PPD tests, flu vaccine) or CPR certifications. If your CPR expires soon, schedule renewal now and make sure you take the correct course. The CPR card needs to read, "Healthcare Professional or Healthcare Provider" and is good for two years. **Please note:** If clinical requirements are not updated by August 2, students may be unenrolled from clinical courses, which could affect financial aid eligibility. You will also lose professional points in your courses if this is not completed on time.

Course	Description	Orientation*	ATI Exams	Required Text(s)
N422W Registration #9203	<i>Leadership/Management and Professional Issues in Nursing</i> <b>Thursdays</b> <b>6-8:50 pm</b> <b>Holt 363/Hybrid</b> This course fulfills the writing intensive requirement for the major.
