

Assigned Weighted Teaching Units (AWTU) Process

Faculty workload reporting is required by the Chancellors Office each term that has state-supported classes. The report shows faculty assignments for the semester, all classes, and all AWTU. Please visit the [APSS website](#) for more information related to faculty workload (APDB) reporting.

College Deans are responsible to ensure that the AWTU request, approval, data entry and reporting processes described below are completed by the department/unit by the stated deadlines. Unanticipated circumstances could require an exception to the stated deadlines.

1. Request for AWTU– due the preceding term of the assigning semester
 - a) Request for spring AWTU assignments should be initiated during the preceding fall semester and are due by **November 1**. Fall AWTU requests should be initiated during the preceding spring semester and are due by **April 1**.
 - b) Faculty requesting AWTU for all categories must complete a [Faculty Request for AWTU](#) form and submit it to their Department Chair. Utilizing the CSU, Chico [“AWTU Codes and Definitions,”](#) the faculty member submitting the form must provide sufficient detail and any related supporting materials to justify AWTUs and list expected outcomes/deliverables.
 - c) When faculty request AWTU after the deadlines, they should check the box at the top of the [Faculty Request for AWTU](#) indicating a late request and fill in the reason for the late addition of the AWTU. The Dean’s office will then email a copy of the signed late AWTU form to the Office of Academic Personnel (OAPL) to be included in the Conflict of Interest (COI) review forwarded to Staff Human Resources (HR).
2. Approval of AWTU – due November 15 and April 15
 - a) The Department Chair will review the request to ensure it meets the required guidelines and forward the request form along with their recommendation(s) to the Dean.
 - b) The Dean will review the request and approve or deny the AWTU, providing justification if denied.
 - c) Faculty Request for AWTU forms will remain in the Dean’s offices and will be kept for a period of 5 years. (Request forms do not need to be forwarded to OAPL.)
3. Data entry of AWTU – due November 22 and April 22
 - a) Data entry for all approved AWTU must be entered into CMS by the department/unit.
 - b) Departments must review the Cognos “AWTU by Term” report and audit each data entry for accuracy and completeness.
 - c) During the assigning semester’s workload review, APSS will compare the WTU/AWTU with the timebase of each faculty member to verify a match.
 - d) Discrepancies will be resolved by the department/unit and corrections made if needed.
 - e) Accurate AWTU entry is necessary for budgeting and estimating course and other salary costs.
 - f) Remind colleges to begin the AWTU certification process for the current semester (due end of semester)
4. Conflict of Interest (COI) review – due November 29 and April 29

- a) The unit will compile a Dean Approved AWTU Memo of faculty with approved AWTU and forward to the Associate Vice Provost for Academic Personnel (AVP OAPL).
- b) The AVP OAPL will identify faculty that meet the requirements for filing a *Statement of Economic Interests Form 700* and forward the information to Staff Human Resources (HR).
- c) HR will assign the required COI training and collect the completed Form 700.

5. Reporting & effort certification process – due by the end of the last month of applicable (assigning) semester (e.g. December 31, May 31)

Certification of effort and outcome assessment in alignment with college and university strategic priorities is **required** post AWTU activity. The “AWTU by Term” report in Cognos should be used by departments and colleges to verify work was completed for all AWTU entered into CMS.

Deans should request detail about activities performed during a faculty member’s assigned time (AWTU) for codes 15, 22, 23, 33 and 35, and record certification of effort for each assigned time and each faculty member, using the Cognos “AWTU Certification” report. This report shall be used to collect remarks or a certification of effort and outcome assessment for codes 15, 22, 23, 33 and 35, by entering comments in the last column of the report. These comments should be supplied by the faculty member who received the assigned time Department Chair, or both, and saved by the Dean or designee with each semester’s workload documentation in the College.
