# VETS

We serve the student veterans of Chico State with a variety of amenities.

Although many of our services are usually with a 'hands-on' team of experts that are all veterans, we are still able to process benefits electronically while safeguarding your confidentiality.

We hope to fully engage with you in the near future as we move through virtual services and back into the face-to-face operation that provides the best opportunity for us to serve effectively.

# Office of Veterans' Affairs

Our primary mission is to keep those benefits flowing. We need you to be involved with this major campaign. We will provide necessary information and documentation, but you need to provide timely data to us or benefits will be delayed. Your best resource is our website:

And use of the benefit handbook:

# Student Veteran Center

- A safe place to share your unique culture with other student veterans
  - A non-partisan atmosphere of trust and respect to honor you
  - Quiet study or live conversation with your peers
- Student Veteran Organization (SVO) founded over 50 years old
  - You are already a member of this recognized culture
  - You will be contacted about your possible involvement
- We have a very strong network of supporters: service providers on campus and agencies in the community
