

Grants Resource Center
Deadlines
 Funding Expertise. Personally Delivered.

July 10, 2019

This publication includes deadline dates for the month of October 2019 and late announcements for the months of September 2019 and August 2019. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

Those deadlines marked by an asterisk () are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: Residential Fellowship: Berlin Prize

Agency: American Academy in Berlin

Next Deadline: Sep 23, 2019

Supports emerging as well as established scholars, writers and professionals wishing to engage in independent study in Berlin. Around 24 awards annually. Prizes have been awarded to scholars working in various disciplines, including history, political science, literature, economics, art history, musicology, anthropology, law and linguistics. A stipend up to \$5,000 per month is available. Only U.S. candidates are eligible to apply. Applicants must have a Ph.D. or equivalent by the time of application. See <http://www.americanacademy.de/apply/apply-for-a-fellowship/> for details.

Program: Fellowships for Creative and Performing Artists and Writers

Agency: American Antiquarian Society

Next Deadline: Oct 05, 2019

Supports visiting fellowships for historical research by creative and performing artists, writers, film makers, journalists, and other persons whose goals are to produce imaginative, non-formulaic works dealing with pre-20th Century American history. Work should focus on the general public rather than academic audiences. Fellowships last four weeks and provide a stipend of up to \$1,350 for those who stay rent free on campus or \$1,850 for those who stay off campus at their own expense. Annual deadline: 10/5. See <http://www.americanantiquarian.org/artistfellowship.htm> for details.

Program: ACLS/New York Public Library Fellowships

Agency: American Council of Learned Societies

Next Deadline: Sep 27, 2019

Offers five residential fellowships for up to 12 months of research by experienced scholars with a Ph.D. or equivalent to utilize resources at the Library's Cullman Center for Scholars and Writers. Fellowships are intended to enhance a scholar's research in the humanities or humanities-related social sciences by facilitating access to the Library's various collections. Stipends are \$75,000. Applicants must also apply to the Cullman Center for Scholars and Writers at the NYPL. Deadline from NYPL. ACLS guidelines in Summer. See ACLS: <http://www.acls.org/programs/acls/> and NYPL: <http://tinyurl.com/6xs635p> for details.

Program: Luce Foundation/ACLS Dissertation Fellowships in American Art

Agency: American Council of Learned Societies

Next Deadline: Oct 23, 2019

Supports 10 fellowships for graduate students in art history at any stage of the dissertation research and writing process. Dissertation must be on a topic related to the history of the visual arts in the U.S. Applicants must be U.S. citizens enrolled in a Ph.D. program within an art history department, or have an art history professor as the principal dissertation advisor. Stipend is \$36,000 (plus up to \$4,000 for travel and research) for a one year, non-renewable term, beginning in the summer. May be carried out at the fellow's home institution, abroad, or at another appropriate site for the research. See <http://www.acls.org/programs/comps/> for details.

Program: Building Bridges and Cultural Exchange Fund

Agency: Association of Performing Arts Professionals

Next Deadline: Oct 30, 2019

Building Bridges supports U.S.-based performing arts presenting organizations interested in building interdisciplinary cross-campus and community collaborations that expand awareness, knowledge and understanding of Muslim societies. APAP will administer up to eight grants of \$100,000-200,000 each. Cultural Exchange Fund supports U.S. organizations, groups, or individuals in order to build partnerships and collaborations outside of the U.S. and to experience the work of artists from around the world in its cultural context. Annual deadlines: 4/30 and 10/30. See <https://www.apap365.org/Programs/Funding-Opportunities> for details.

Program: Postdoctoral Fellowship Program in Humanities and Social Science

Agency: Center for Advanced Judaic Studies

Next Deadline: Sep 23, 2019

Fellowship program is designed to engage scholars from within Jewish Studies with scholars in the history of religion, politics and culture. Program focus is the study of Jews in modern Islamic contexts. Scholars in the humanities and social sciences at all levels may apply. Fellows are eligible to receive a stipend of up to \$60,000 for the academic year. About 20 fellowships have traditionally been awarded annually. The 2019-2020 theme is "America's Jewish Questions". See <https://katz.sas.upenn.edu/fellowships/fellowship-program> for details.

Agency: U.S. Department of Education

Next Deadline: Aug 29, 2019

Supports research on the improvement of education outcomes for students in college and in adult education programs. IES is interested in understanding how to increase student access to, persistence in, progress through, and completion of postsecondary and adult education programs. IES is also interested in understanding how to improve specific student academic outcomes in developmental education, adult education, gateway science and math courses, and introductory composition courses. LOIs strongly encouraged by July 11, 2019. See <http://ies.ed.gov/funding/> for Education Research Programs for details.

Contact: James Benson, IES
James.Benson@ed.gov
202-245-8333

Program: Reading and Writing Education Research

Agency: U.S. Department of Education

Next Deadline: Aug 29, 2019

Supports research on the improvement of reading and writing skills of students from K-12. IES is interested in improving learning, higher-order thinking, and achievement in reading and writing. IES encourages researchers to explore malleable factors that are associated with better reading and writing outcomes, as well as mediators and moderators of the relations between these factors and student outcomes. LOIs strongly encouraged by July 11, 2019. See <http://ies.ed.gov/funding/> for Education Research Programs for details, including the special education version of this program (84.324A) which includes language development.

202-245-8145

Program: Research Grants Focused on Systematic Replication

Agency: U.S. Department of Education

Next Deadline: Aug 29, 2019

Supports systematic replication studies of IES-identified interventions that have produced beneficial effects on education outcomes in one or more prior IES-funded impact studies. Proposed replication studies will systematically vary at least one aspect of the prior impact study. The research will also investigate factors that may lead to and sustain successful implementation. FY 20 competition is focused on replicating interventions in reading and mathematics. LOIs are strongly encouraged by July 11, 2019. See <https://ies.ed.gov/funding/> for details and the special education version (84.324R).

Program: Research Training Programs in Special Education

Agency: U.S. Department of Education

Next Deadline: Aug 29, 2019

The training programs aim to prepare individuals to conduct rigorous and relevant special education and early intervention research that advances knowledge within the field and addresses issues important to education policymakers and practitioners. FY 20 topics are postdoctoral research training program, early career development and mentoring, and methods training using single-case designs. LOIs strongly encouraged by July 11, 2019. See <http://ies.ed.gov/funding/> for details.

202-245-7037

Program: Science, Technology, Engineering, and Mathematics Education Research

Agency: U.S. Department of Education

Next Deadline: Aug 29, 2019

Supports research on the improvement of STEM knowledge and skills of students from kindergarten through high school. Research under the STEM Education topic can focus on a single domain within STEM (e.g., mathematics), or can be interdisciplinary by examining two, three, or all four domains of STEM education. LOIs strongly encouraged by July 11, 2019. See <http://ies.ed.gov/funding/> for Education Research Programs for details including the special education version of this program (84.324A).

Program: GEAR UP
Agency: U.S. Department of Education
Next Deadline: Aug 07, 2019

Supports partnerships offering college preparation and awareness activities to students beginning in seventh grade. Activities may include mentoring, counseling, curricula and staff development, and other services. Partnerships must include an IHE, an LEA representing secondary schools in low-income communities, and at least two other entities, such as community organizations and state agencies. In FY 18, \$64.83 million was available for 54 Partnership awards. The 2019 competition is for State Grants only, with eligibility limited to states and territories - but colleges and universities may collaborate. See <http://www.ed.gov/programs/gearup/index.html> for updates.

Program: Career Transition Award (K22)

Agency: National Institutes of Health

Next Deadline: Oct 12, 2019

Many Institutes support this program aimed at transitioning investigators from the mentored to the independent stage of their careers. It enables promising new researchers to obtain additional mentored postdoctoral research experience. Award often has two phases, depending upon the Institute supporting it: postdoctoral research training at an NIH lab for up to 1-2 years; and support for awardee's research at an institution to which she/he has been recruited. Call before applying. Annual deadlines: 2/12, 6/12, 10/12. See <https://researchtraining.nih.gov/programs/career-development/K22> for individual notices and contacts.

CFDA Number: 93.121

Contact:

Program: HEAL Initiative: Translational Devices to Treat Pain (UG3/UH3 Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: Oct 21, 2019

Supports applications to encourage investigators to pursue translational activities and clinical trials to treat pain with innovative, targeted, and non-addictive diagnostic and/or therapeutic devices that improve patient outcomes and decrease or eliminate the need to prescribe opioids. LOIs are due prior to due dates. Annual deadlines: 2/21, 6/22, 10/21 through 2/23/21. Companion opportunities also available. See <https://grants.nih.gov/grants/guide/rfa-files/RFA-NS-19-016.html> for details.

301-496-1447

Program: Improving Patient Adherence to Treatment and Prevention Regimens to Promote Health (R01 Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

Supports interventions to significantly improve medication adherence in individuals. Applications may target medication adherence in the context of treatment for a single illness or chronic condition (e.g., hypertension), to stave off a disease recurrence (e.g., cancer) or for multiple comorbid conditions (e.g., hypertension, diabetes, alcohol use disorders and HIV/AIDS). Contacts vary by institute. Annual deadlines: 2/5, 6/5, 10/5 through 5/8/21. See <https://grants.nih.gov/grants/guide/pa-files/PA-18-722.html> for details.

CFDA Number: 93.399

Contact: Contacts vary by institute

Program: Independent Scientist Award (K02)

Agency: National Institutes of Health

Next Deadline: Oct 12, 2019

Supports the development of outstanding scientists and enable them to expand their potential to make significant contributions to their field of research. The K02 award provides three to five years of salary support and "protected time" for newly independent scientists who can demonstrate the need for a period of intensive research focus as a means of enhancing their research careers. Some NIH Institutes and Centers may or may not require candidates to have an NIH research grant at time of application. Candidates must hold a doctoral degree, independent peer reviewed research support at the time the award is made, and commit a minimum of 9 person-months (75% of full-time professional effort) conducting research and relevant career development activities during the period of the award. Call before applying. Annual deadlines: 2/12, 6/12, 10/12 through 1/8/22. See <https://grants.nih.gov/grants/guide/pa-files/PA-19-131.html> for details including contact information.

Program: Mentored Clinical Scientist Research Career Development Award (K08)

Agency: National Institutes of Health

Next Deadline: Oct 12, 2019

Many NIH institutes support the career development of outstanding clinician research scientists. Goal is to provide specialized study (K08) for individuals with a health professional doctoral degree committed to a career in laboratory or field-based research. Candidates must have potential to develop into independent investigators. Not every NIH institute offers the K08 mechanism. It is suggested that applicants talk to NIH prior to submitting a proposal. Independent Clinical Trials are required. Annual deadlines: 2/12, 6/12, 10/12 through 1/8/22. See <http://grants.nih.gov/grants/guide/pa-files/PA-19-116.html> for details.

Program: Mentored Patient-Oriented Research Career Development Award (K23)

Agency: National Institutes of Health

Next Deadline: Oct 12, 2019

Most NIH institutes/centers support career development of investigators who focus their research efforts on patient-oriented research. Candidates must have a clinical degree or its equivalent. Doctorally prepared nurses, clinical psychologists, clinical geneticists, etc. may also apply. Provides support for five years of supervised study and research for clinically trained professionals who focus on patient-oriented research. Prospective candidates encouraged to contact relevant NIH staff for IC-specific programmatic budgetary information. Annual deadlines: 2/12, 6/12, 10/12 through 1/8/22. See <http://grants.nih.gov/grants/guide/pa-files/PA-19-118.html> (Independent Clinical Trial Required) and <https://grants.nih.gov/grants/guide/pa-files/PA-19-119.html> (Independent Clinical Trial Not Allowed) for details.

301-945-7573

Program: Mentored Quantitative Research Career Development Award (K25)

Agency: National Institutes of Health

Next Deadline: Oct 12, 2019

Many institutes support this program designed to promote the career development of investigators with quantitative scientific and engineering backgrounds outside of biology or medicine (e.g., mathematics, statistics, computer science, informatics, physics, chemistry, and engineering) who are committed to behavioral and biomedical research. This mechanism is aimed at research-oriented scientists at the junior faculty level. Candidates must name a mentor. Annual deadlines: 2/12, 6/12, and 10/12 through 1/8/22. See <http://grants.nih.gov/grants/guide/pa-files/PA-19-125.html> (Clinical Trial Required) and <https://grants.nih.gov/grants/guide/pa-files/PA-19-124.html> (No Clinical Trial) for details.

Program: Mentored Research Scientist Development Award (K01)

Agency: National Institutes of Health

Next Deadline: Oct 12, 2019

Supports beginning investigators who have a research doctorate and some postdoctoral research experience. Provides 3-5 years of nonrenewable support for an intensive, supervised career development experience in the biomedical, behavioral, or clinical sciences leading to research independence. Competitive applications will contain a well-thought-out career development and research plan, a committed and capable mentor, and institutional commitment. Call before applying. Annual deadlines: 2/12, 6/12, and 10/12 through 1/8/22. See <https://grants.nih.gov/grants/guide/pa-files/PA-19-127.html> for details.

301-945-7573

Program: NIH Exploratory/Developmental Research Grant Program (Parent R21)

Agency: National Institutes of Health

Next Deadline: Oct 16, 2019

Many, but not all, NIH institutes support investigator-initiated, also known as unsolicited, exploratory and developmental research (R21) by funding the early and conceptual stages of such efforts. Priorities vary by Institute/Center (I/C). I/Cs that do not accept R21 applications under this announcement may offer similar programs. Combined budget for direct costs for the two year project period may not exceed \$275,000. Consultation with NIH staff highly encouraged. Annual deadlines: 2/16, 6/16, 10/16 through 1/8/22. See <https://grants.nih.gov/grants/guide/pa-files/PA-19-053.html> (no clinical trials) and <https://grants.nih.gov/grants/guide/pa-files/PA-19-054.html> (clinical trials required) for details.

301-945-7573

Program: Research Enhancement Award
Program (REAP) for Health
Professional Schools and Graduate
Schools

Agency: National Institutes of Health

Next Deadline: Oct 25, 2019

Supports basic and clinical research in educational institutions that provide baccalaureate or advanced degrees for a significant number of the Nation's research scientists, but that have not been major recipients of NIH support. REAP grants create opportunities for scientists and institutions otherwise unlikely to participate extensively in NIH research programs to contribute to the Nation's biomedical and behavioral research effort. Eligible institutions must award NIH-relevant baccalaureate or advanced degrees in health professions and have received less than \$6 million per year of NIH support (total costs) in 4 of the last 7 fiscal years. Annual deadlines: 2/25, 6/25, 10/25 through 1/8/22. LOIs are due 30 days prior to the application due date. See <https://grants.nih.gov/grants/guide/pa-files/par-19-134.html> (no clinical trial) or <https://grants.nih.gov/grants/guide/pa-files/par-19-135.html> (clinical trial) for details and contacts.

Agency: National Institutes of Health

Next Deadline: Oct 16, 2019

Enhances the diversity of the drug abuse research workforce by providing dissertation awards on topics related to the study of basic and clinical neuroscience, development, epidemiology, prevention, treatment, services, or women and sex/gender differences as they relate to drug abuse. This award is for up to two years of support for the completion of the doctoral dissertation research project. LOI due 30 days prior to the application deadline. Annual deadlines: 2/16, 6/16, 10/16 through 1/8/20. See <https://grants.nih.gov/grants/guide/pa-files/PA-16-443.html> for details. Email:

Program: International Research Collaboration on Drug Abuse and Addiction Research

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

Program encourages collaborative research applications on drug abuse and addiction that take advantage of special opportunities that exist outside the United States. Special opportunities include access to unusual talent, resources, populations, or environmental conditions in other countries that will speed scientific discovery. Projects should have relevance to NIDA, and where feasible should address NIDA's international scientific priority areas. Annual deadlines: 2/5, 6/5, 10/5 through 5/8/21. See <https://grants.nih.gov/grants/guide/pa-files/PA-18-773.html> for details.

Program: Neuroscience Research on Drug Abuse (R01)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

The overarching goals of the research areas are to understand the neurobiological mechanisms underlying substance use disorders, with special emphasis on identifying changes and neuroadaptations that occur during dependence, withdrawal, and relapse to chronic substance use. An understanding of the basic mechanisms underlying substance use disorders can help to identify targets for prevention and treatment interventions. Annual deadlines: 2/5, 6/5, 10/5 through 8/20. See <https://grants.nih.gov/grants/guide/pa-files/PA-18-060.html>

Program: Typical and Atypical Patterns of
Language & Literacy in Dual
Language Learners (R21-Clinical
Trial Optional)

Agency: National Institutes of Health

Next Deadline: Oct 16, 2019

Supports investigator-initiated applications that will inform our understanding of the typical and atypical patterns of language and literacy development of dual language learners (DLLs) in the United States. Applicants are encouraged to take advantage of advances in the language sciences and related fields to identify and clarify specific cognitive, linguistic, neurobiological, and sociocultural factors associated with normal and impaired language and literacy acquisition in young DLL populations. Annual deadlines: 2/16, 6/16, 10/16 through 12/17/20. See <https://grants.nih.gov/grants/guide/pa-files/PA-18-328.html> for details.

Program: Achieving Tissue Robustness
Through Harnessing Immune System
Plasticity (R01 Clinical Trial Not
Allowed)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

The purpose of this R01 program is to encourage research projects to elucidate the role of immune system plasticity in health and in the pathogenesis of dental, oral, and craniofacial diseases. The goal is to advance knowledge of the immunological basis of dental, oral, and craniofacial diseases, and to develop tools and technologies for precise modulation of the immune system to restore or maintain health. Annual deadlines: 2/5, 6/5, 10/5 through 5/8/22. Optional companion funding is available. See <http://grants.nih.gov/grants/guide/pa-files/PA-19-172.html> for details.

Program: Medical Simulators for Practicing Patient Care Providers Skill Acquisition, Outcomes Assessment and Technology Development (R01 Clinical Trial Not Allowed)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

Supports the assessment and further development of simulation technologies designed to improve patient safety and healthcare outcomes provided by practicing patient care providers and experienced (not trainee) physicians. Funding is allocated to three areas: 1) Skill Acquisition- evaluate strategies and protocols for simulation-based methods for skill acquisition and maintenance by experienced clinicians; 2) Outcomes Assessment- assess the relationship of simulation-based assessments of skills demonstrated by experienced clinicians with an emphasis on quality of clinical care delivery; and 3) Technology Development- develop virtual coaches by incorporating intelligent technologies into existing simulators. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/22. See <https://grants.nih.gov/grants/guide/pa-files/PA-19-065.html>

Program: Time-Sensitive Obesity Policy and Program Evaluation (R01)

Agency: National Institutes of Health

Next Deadline: Oct 11, 2019

Supports research where opportunities for empirical study are, by their very nature, only available through expedited review and funding. All applications submitted to this FOA must demonstrate that the evaluation of an obesity related policy and /or program offers an uncommon and scientifically compelling research opportunity that will only be available if the research is initiated with minimum delay. For these reasons, applications submitted to this time-sensitive FOA are not eligible for re-submission. Annual deadlines: applications due on the 10th-14th of each month through 9/11/21. Funding will be awarded within four months. See <https://grants.nih.gov/grants/guide/pa-files/PAR-18-854.html> for details.

Program: Healthy Habits: Timing for Developing Healthy Behaviors in Children and Adolescents (R01)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

Supports innovative research to identify mechanisms of influence and/or promote positive sustainable health behavior(s) in children and youth (birth to age 18). Positive health behaviors may include: developing healthy sleep patterns, developing effective self-regulation strategies, adaptive decision-making in risk situations, practicing proper dental hygiene, eating a balanced and nutritious diet, engaging in age-appropriate physical activity and/or participating in healthy relationships. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/21. See <https://grants.nih.gov/grants/guide/pa-files/PA-18-355.html> for details.

301-594-2154

Program: Maternal Nutrition and Pre-pregnancy Obesity: Effects on Mothers, Infants and Children (R01 Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

Supports research to improve health outcomes for women, infants and children, by stimulating interdisciplinary research focused on maternal nutrition and pre-pregnancy obesity. Maternal health significantly impacts not only the mother but also the intrauterine environment, and subsequently fetal development and the health of the newborn. Annual deadlines: 2/5, 6/5, 10/5 through 9/8/21. See <https://grants.nih.gov/grants/guide/pa-files/PA-18-776.html> for details.

Program: mHealth Tools to Promote Effective Patient-Provider Communication (R01)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

NINR, NICHD and the Office of Dietary Supplements support research using Mobile Health (mHealth) tools aimed to improve patient-provider communication, treatment and self-management of chronic diseases in underserved populations. Using smartphone technologies, it is possible to transmit patient data digitally from remote areas to specialists in urban areas, as well as receive real-time feedback. Companion funding available. Annual deadlines: 2/5, 6/5 and 10/5 through 1/8/21. See <http://grants.nih.gov/grants/guide/pa-files/PA-18-386.html> for details.

Program: Obesity and Asthma: Awareness and Self-Management (R01 Clinical Trial Optional)

Agency: National Institutes of Health

Next Deadline: Oct 05, 2019

Supports research that examines the relationship between asthma, obesity and self-management. Studies that investigate molecular pathways linking asthma and obesity are encouraged as long as the studies describe how this relates to self-management. In addition, intervention studies targeting asthma or obesity and their effects on each other, and possible mechanisms of action and effect on behavior, are encouraged. Annual deadlines: 2/5, 6/5, 10/5 through 1/8/21. See <http://grants.nih.gov/grants/guide/pa-files/PA-18-379.html> for details.

Program: Comparative Effectiveness Research in Clinical Neurosciences (UG3/UH3 Clinical Trial Not Allowed)

Agency: National Institutes of Health

Next Deadline: Oct 18, 2019

Supports observational comparative effectiveness research that addresses questions within the mission and research interests of the NINDS and may evaluate preventive strategies, diagnostic approaches, or interventions including drugs, biologics, and devices, or surgical, behavioral, and rehabilitation therapies. Priority is given to pragmatic study designs that utilize a cost-effective means of prospectively collecting observational data. Only prospective observational studies will be accepted for funding. Optional letters of intent are encouraged. Annual deadlines: varies from 10-14th of February, June, and October through 1/8/22. See <https://grants.nih.gov/grants/guide/pa-files/PAR-19-171.html>

Program: Clara Mayo Grants for Research on Sexism, Racism, or Prejudice

Agency: Society for the Psychological Study of Social Issues

Next Deadline: Oct 10, 2019

Supports master's theses or pre-dissertation research on aspects of sexism, racism, or prejudice, with preference given to students enrolled in a terminal master's program. Studies of the application of theory or the design of interventions or treatments to address these problems are welcome. Up to six awards of \$1,000 each are made per cycle.

Proposals that include a college or university agreement to match the amount requested are favored. Applicants must be SPSSI members who have matriculated in relevant graduate programs. Limited submission: applicants may submit only one application per calendar year, and may not apply to the Grants-In-Aid in that year. Annual deadlines: 5/15, 10/10. See <https://tinyurl.com/kx719bb> for details.

Program: Joint DMS/NIGMS Initiative to Support Research in Biological/Math Sciences

Agency: National Science Foundation

Next Deadline: Sep 18, 2019

This joint NSF/NIH initiative supports new and existing collaborations for mathematical and statistical research on questions in the biological and biomedical sciences. The goal is to create new opportunities in quantitative biological research, encourage new collaborations, as well as to support existing ones. Following review, proposals may be recommended for funding by either the NIH National Institute of General Medical Sciences or the NSF Division of Mathematical Sciences. Annual deadline: 9/18. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5300 for details.

703-292-8104

Program: Mathematical Sciences Postdoctoral Research Fellowships (MSPRF)

Agency: National Science Foundation

Next Deadline: Oct 16, 2019

Supports future leaders in mathematics and statistics by facilitating their participation in postdoctoral research environments that will have maximal impact on their future scientific development. Awards will support research in areas of mathematics and statistics, including applications to other disciplines. Awardees have two options: Research Fellowship and Research Instructorship. Annual deadline: third Wednesday in October. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5301 for details.

vroytbur@nsf.gov
703-292-8584

Program: Sociology Program - Doctoral Dissertation Research Improvement Awards (Soc-DDRI)

Agency: National Science Foundation

Next Deadline: Oct 15, 2019

Supports basic research on human social organization -- societies, institutions, groups and demography -- and processes of individual and institutional change. Encourages theoretically focused empirical investigations aimed at improving the explanation of fundamental social processes. Included is research on organizations and organizational behavior, population dynamics, social movements, social groups, labor force participation, stratification and mobility, family, social networks, socialization, gender roles, and the sociology of science and technology. Declined proposals may be asked to formally resubmit for spring competition. See <http://tinyurl.com/j6mp2oh> for details.

Program: Grants-in-Aid of Research

Agency: Sigma Xi, The Scientific Research Society

Next Deadline: Oct 01, 2019

Supports full-time graduate and undergraduate students and Ph.D. professionals conducting scientific research in any field of science and engineering. Awards of up to \$1,000 (up to \$5,000 for astronomy research or \$2,500 for vision related research) pay for travel expenses to and from a research site, for purchase of non-standard laboratory equipment necessary to complete a specific research project. Sigma Xi membership not required, funds are restricted for use by students who are, or are advised by, dues paying members of Sigma Xi. Annual deadlines: 3/15 and 10/1. See <https://www.sigmaxi.org/programs/grants-in-aid> for details.

Program: Smithsonian Opportunities for Research and Study

Agency: Smithsonian Institution

Next Deadline: Oct 2019 (*target date*)

Supports graduate, postdoctoral, and senior fellowships research at the Smithsonian in various areas: anthropology, archaeology, astrophysics and astronomy, earth sciences, ecology, behavioral and environmental sciences, evolutionary and systematic biology, history of science, art history, and social and cultural history of the U.S. The stipend amount and length of fellowships vary. Graduate and undergraduate internships are also available. Fellowship application deadlines vary by program.

Program: Rural Energy for America Program (REAP)

Agency: U.S. Department of Agriculture

Next Deadline: Oct 31, 2019

Grantees assist rural small businesses and agricultural producers in reducing energy costs by conducting and promoting energy audits, and providing renewable energy development assistance (REDA). Applicants must submit separate applications, limited to one energy audit and one REDA per fiscal year. The maximum aggregate amount of an energy audit and REDA grant in a fiscal year is \$100,000. Deadlines vary depending on the type of grant. See <https://www.rd.usda.gov/programs-services/rural-energy-america-program-renewable-energy-systems-energy-efficiency> for updates.

Program: Sustainable Agriculture Research and Education Program (SARE)

Agency: U.S. Department of Agriculture

Next Deadline: Oct 2019

Supports research and education projects exploring: farm renewable energy; pest and weed management; nutrient management; agroforestry; marketing; sustainable communities; systems research; etc. Grants fund projects that usually involve scientists, producers and others in an interdisciplinary approach. Calls for Proposals include Graduate Student Grants; Professional Development; Research & Education; and Educators. Deadlines vary by program and often by region. See <http://www.sare.org/> for details.

Program: Broad Agency Announcement for Advanced Aircraft Compatibility Science and Technology Expansion

Agency: U.S. Department of Defense

Next Deadline: Oct 31, 2019

Supports unique and creative solutions to develop predictive capability of complex mechanical, aerodynamic, acoustical, and electrical phenomena, dynamics and interactions where little or no capability exists, and for advancing models, simulation and analysis in support of all aspects of aircraft-store compatibility beyond those currently in use. Research areas include: Separations; Computational Physical Fit; Computational Fluid Dynamics; Electromagnetic Environmental Effects; Flutter; Stability and Control; Loads; and Ballistics and Safe Escape. Annual deadline: white papers accepted anytime until 10/31/19. See <http://tinyurl.com/gt86mwq> for details.

Program: AFOSR: Chemistry and Biological Sciences

Agency: U.S. Department of Defense

Next Deadline: Oct 2019

Supports research activities in chemistry and biological sciences, including fundamental chemistry, biology, mechanics, and biophysics research to provide the Air Force with novel options to increase performance and operational flexibility. Focus areas include: Biophysics; Human Performance and Biosystems; Mechanics of Multifunctional Materials and Microsystems; Molecular Dynamics and Theoretical Chemistry; Natural Materials, Systems, and Extremophiles; and Organic Materials Chemistry. Annual deadlines: Proposals accepted at any time. See <https://www.wpafb.af.mil/Welcome/Fact-Sheets/Display/Article/842038/> for details.

CFDA Number:

Program: AFOSR: Engineering and Complex System

Agency: U.S. Department of Defense

Next Deadline: Oct 2019

Supports the discovery and development of the fundamental and integrated science that advances future air and space flight, and exploit the critical fundamental science and knowledge that will shape the future of aerospace sciences. Focus areas include: Dynamic Materials and Interactions; GHz-THz Electronics and Materials; Energy, Combustion, and Non-Equilibrium Thermodynamics; Unsteady Aerodynamics and Turbulent Flows; High-Speed Aerodynamics; Low Density Materials; Multi-Scale Structural Mechanics and Prognosis; Space Propulsion and Power; and Test Science for Test and Evaluation. Annual deadline: proposals accepted at any time. See <https://www.wpafb.af.mil/Welcome/Fact-Sheets/Display/Article/842028/> for updates

CFDA Number:

Contact: AFOSR

Program: AFOSR: Information and Networks

Agency: U.S. Department of Defense

Next Deadline: Oct 2019

Supports the discovery and development of foundational issues in mathematical, information and network oriented sciences. Projects are organized along three themes: Information, Decision Making, and Networks. Focus areas include: Computational Cognition and Machine Intelligence; Computational Mathematics; Dynamics and Control; Dynamic Data Driven Applications Systems; Information Assurance and Cybersecurity; Optimization and Discrete Mathematics; Science of Information, Computation, Learning, and Fusion; Trust and Influence; Complex Networks; and Computational Social Sciences. Annual Deadline: Proposals accepted at any time. See <https://www.wpafb.af.mil/Welcome/Fact-Sheets/Display/Article/842033/> for details

Program: Defense Production Act (DPA) Title III

Agency: U.S. Department of Defense

Next Deadline: Oct 2019

Program designed to create assured, affordable, and commercially viable production capabilities and capacities for items essential for national defense through aiding manufacturers who specialize in materials used for defense applications. Title III focuses on materials and components that could be used in a broad spectrum of defense systems. The BAA is in effect until February 22, 2023. Annual deadlines vary by program. See <http://www.businessdefense.gov/Programs/DPA-Title-III/> or FBO.gov for details.

Program: Consortium Research Fellows Program

Agency: U.S. Department of Defense

Next Deadline: Oct 01, 2019

Supports fellows working in behavioral and social sciences. Fellows may be university students, post-doctoral researchers, and faculty, at several locations nationwide. Opportunities change frequently, and resumes may be kept on file for future opportunities. Research Fellows and Research Assistants generally work 20 hours per week during the academic year and 40 hours per week during the summer, for a maximum of 1300 hours annually. Candidates who can commit to approximately 1300 hours per year are more likely to be selected. See <https://www.consortium-research-fellows.org/employment.cfm>
