This publication includes deadline dates for the month of September 2019 and late announcements for the months of August 2019 and July 2019. Proposals submitted by a referenced target date will be included in a particular review cycle, while those received after the target date will be held for the next review cycle. It is advisable to contact the program staff cited in each listing to obtain all available information.

**Those deadlines marked by an asterisk (**) are tentative. In some cases, these are specific dates that may change depending on the timing of the deadline notices and in others, we have listed just the month during which a deadline is expected. Deadlines marked by a double plus sign (++) are target dates.**

Program: German Chancellor Fellowship
Agency: Alexander von Humboldt Foundation
Next Deadline: Sep 15, 2019
Up to 10 fellowships are made per year to prospective leaders from the U.S. to conduct a project as guests of the partner of their choice in Germany. Fellows will be recruited from a broad range of areas such as politics and public policy, law, media, business and the arts. Program provides a stay of one year in Germany where fellows are mentored by hosts, whom they have identified on the basis of their expertise. Projects should have a long-term and visible impact and help to advance fellows’ careers and professional development. Monthly stipends of 2,150 to 2,750 EUR. Annual deadline: 9/15. See http://tinyurl.com/azbjxq for details. Email: info@avh.de

Contact: Program Office
202-783-1907

Program: Frederick Burkhardt Residential Fellowships for Recently Tenured Scholars
Agency: American Council of Learned Societies
Next Deadline: Sep 25, 2019
Provides $95,000 for recently tenured humanist scholars who began their first tenured contracts on or after Fall 2014 (likely for 2018; see new guidelines when available). Applicants must engage in long-term, ambitious projects in the humanities and social sciences, including anthropology, archaeology, art history, economics, geography, history, languages and literatures, law, linguistics, musicology, philosophy, political science, psychology, religion, and sociology. Fellowships are awarded for a 9 month residence at any of 13 national research centers. See https://www.acls.org/programs/comps/ for details. Email: cmueller@acls.org

CFDA Number: N/A

212-697-1505

Program: ACLS Fellowships
Agency: American Council of Learned Societies
Next Deadline: Sep 25, 2019
Supports research in disciplines of the humanities and humanities-related social sciences. Appropriate fields of specialization include: anthropology, archaeology, art history, economics, geography, history, languages and literatures, law, linguistics, musicology, philosophy, political science, psychology, religion, and sociology. Stipends are set at three levels based on academic rank: up to $40,000, $50,000, or $70,000. New guidelines in Summer. Must be a U.S. citizen or permanent resident by application deadline. See https://www.acls.org/programs/comps/ Email: mgoldfeder@acls.org

CFDA Number: N/A
Contact: Matthew Goldfeder, Director of Fellowship Programs (ext. 124)
212-697-1505

Program: Donald Groves Fund
Agency: American Numismatic Society
Next Deadline: Sep 01, 2019
Promotes publication in the field of early American numismatics, or the study of coins, currency, medals, tokens, and related objects from all cultures, past and present. Funds support research involving material dated not later than 1800. Funding is available for research, travel, publication costs, & other expenses. Applications are reviewed periodically by a committee which makes its recommendations to the Society's Council. Annual deadline: applications can be submitted anytime. Not on the website, but email the contact if interested. Also offers 8 week Newman Graduate Seminar in Numismatics in New York City with small stipend. See http://numismatics.org/Education/ for details. Email: uwk@numismatics.org.

CFDA Number: N/A
Contact: Gilles Bransbourg, Deputy Director (ext. 156)
212-571-4470
Program: Curatorial Grant Program and Fellowships

Agency: Andy Warhol Foundation for the Visual Arts

Next Deadline: Sep 01, 2019

Supports curatorial programs at museums, artists' organizations and other cultural organizations that originate innovative and scholarly presentations of contemporary visual art. Projects may include exhibitions, catalogs, education, audience development, and other related activities. Also supports creation of work through artist in residence programs, the work of choreographers and performing artists when the visual arts are an element of a production, and equitable access to resources. Awards generally range from $10,000-$200,000. Fellowships up to $50,000. Annual deadlines: 3/1, 9/1. See http://warholfoundation.org/grant/overview.html for details. Email: info@warholfoundation.org

--------------------------------------------

Program: Millard Meiss Publication Grants

Agency: College Art Association

Next Deadline: Sep 15, 2019

Supports book-length scholarly manuscripts that have been accepted by a commercial or university publisher but that cannot be published in the most desirable form without a subsidy. Works must focus on art history, visual studies, or related subjects. Museum catalogues, excavation reports, articles, collections of previously published essays, or multi-author volumes are ineligible. Awards typically between $3,000 and $7,000. Commercial, university, and museum presses are all eligible. Applicants must hold CAA membership. Annual deadlines: 3/15, 9/15. See http://www.collegeart.org/programs/publishing-grants/meiss for details. Email: cbuckley@collegeart.org

--------------------------------------------

Program: Core Fulbright Scholar Program (U.S. Scholars)

Agency: Council for International Exchange of Scholars

Next Deadline: Sep 16, 2019

Sends nearly 500 scholars and professionals each year to 125 countries where they lecture or conduct research in a wide variety of academic and professional fields. Applicants must have current U.S. citizenship; hold a Ph.D. or other terminal degree in their field; have university teaching experience; and have foreign language proficiency for country where project will take place. Awards vary from two months to a full academic year. See http://www.cies.org for details. Email: scholars@iie.org

--------------------------------------------
Program: Research Travel Grants Program  
Agency: Gerald R. Ford Library and Museum  
Next Deadline: Sep 15, 2019  
Provides approximately 12 awards of up to $2,200 for travel and living expenses to use the library's archival materials relating to 1960-70s U.S. domestic and economic policies, foreign affairs and national politics. Annual deadlines: 3/15, 9/15. In addition, one $5,000 award is given annually to one individual to support dissertation research on an aspect of the U.S. political process during the latter part of the 20th Century. Annual deadlines: 3/15 and 9/15. See http://www.fordlibrarymuseum.gov/library/foundingrants.asp for details. Email: ford.library@nara.gov

Program: Furthermore Grants in Publishing  
Agency: J.M. Kaplan Fund  
Next Deadline: Sep 01, 2019  
Supports nonfiction books about art, architecture, and design; cultural history, the city, and related public issues; and conservation and preservation. Grants apply to writing, research, editing, design, indexing, photography, illustration, printing and binding. Makes grants between $1,500 and $15,000. There is some emphasis on New York City and state. Proposals to which a publisher is already committed are usually preferred. Annual deadlines: 3/1, 9/1. See http://www.furthermore.org/apply.html for details. Email: http://www.furthermore.org/contact-us.html

**Program:** Documenting Endangered Languages  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Sep 16, 2019

NEH and NSF support projects to develop and advance knowledge concerning endangered human languages. Project grants (up to three years) and fellowships (six-12 months) exploit advances in information technology to address the imminent death of an estimated half of the 6,000 to 7,000 currently used human languages. Supports fieldwork and other activities relevant to recording, documenting and archiving endangered languages. See https://www.neh.gov/grants/preservation/documenting-endangered-languages for details. Annual deadline: 9/16. Email: mdowns@neh.gov or preservation@neh.gov

**CFDA Number:** 47.075

202-606-8570

**Program:** Summer Stipends  
**Agency:** National Endowment for the Humanities  
**Next Deadline:** Sep 25, 2019

Provides $6,000 for two consecutive months (normally, but not always, in the summer) of full-time, advanced research and writing that contributes to scholarly knowledge or to the public's understanding of the humanities. Awards usually result in publications. All scholars, including university faculty and staff, are eligible. Limited submission: campuses may nominate a maximum of two faculty members at any level per competition. Preference is given to applicants who have not received fellowships of $15,000 or more in the past three academic years. See https://www.neh.gov/grants/research/summer-stipends for details. Email: stipends@neh.gov

**Program:** BRAIN Initiative: Development Optimization, and Validation of Novel Tools and Technologies for Neuroscience Research (SBIR)(R43/R44 Clinical Trial Not Allowed)

**Agency:** National Institutes of Health

**Next Deadline:** Sep 05, 2019

Supports small businesses working on development of novel tools and technologies through the SBIR (R43/44) program to advance the field of neuroscience research, including tools to facilitate detailed analysis of complex circuits and insights into cellular interactions, proof-of-concept testing and development of new technologies and approaches for large scale recording and manipulation of neural activity. IHEs may partner. Annual deadlines: 1/5, 4/5, and 9/5 through 5/7/21. Companion funding opportunity is available for R44. See https://grants.nih.gov/grants/guide/pa-files/PA-18-871.html for details. Email: mgrabb@mail.nih.gov

**Contact:** Margaret Grabb, Program Officer 301-443-3563

--------------------------------------------

**Program:** BRAIN Initiative: Integration and Analysis of BRAIN Initiative Data

**Agency:** National Institutes of Health

**Next Deadline:** Sep 06, 2019

Supports the development of informatics tools for analyzing, visualizing, and integrating data related to the BRAIN Initiative or to enhance our understanding of the brain. This FOA can also be used to support several different, but related activities, to include modifying existing analysis and visualization tools to deal with BRAIN Initiative data and integrating different types of BRAIN Initiative datasets. Annual deadlines: early March and September through 3/5/21. Project scope and budget must reflect the actual needs of the proposed project. See https://grants.nih.gov/grants/guide/rfa-files/RFA-MH-19-147.html Email: ming.zhan@nih.gov

**CFDA Number:** 93.242

**Contact:** Ming Zhan, Program Officer 301-827-3678

--------------------------------------------

**Program:** Countermeasures Against Chemical Threats (CounterACT) Research Centers

**Agency:** National Institutes of Health

**Next Deadline:** Sep 10, 2019

The mission of the CounterACT program (U54) supports research and development of new and improved therapeutics for chemical threats. Chemical threats are toxic chemicals that could be used in a terrorist attack or accidentally released from industrial production, storage or shipping. The scope of the research includes candidate identification through candidate optimization and demonstration of in vivo efficacy. LOIs are due 30 days prior to the application due date. See https://grants.nih.gov/grants/guide/pa-files/PA-18-657.html for details. Email: jettd@ninds.nih.gov

**CFDA Number:** 93.853

**Contact:** David Jett, Program Officer 301-496-6035

--------------------------------------------

**Program:** Multidisciplinary Studies of HIV/AIDS and Aging (R01)

**Agency:** National Institutes of Health

**Next Deadline:** Sep 07, 2019

Supports research at the intersection of HIV and aging by: 1) improving understanding of biological, clinical, and socio-behavioral aspects of aging through the lens of HIV infection and its treatment; 2) improving approaches for testing, prevention, and treatment of HIV infection, and 3) management of HIV-related comorbidities, co-infections, and complications in different populations and cultural settings by applying our current understanding of aging science. Annual deadlines: 1/7, 5/7 and 9/7 through 9/8/20. Optional companion funding is available. See https://grants.nih.gov/grants/guide/pa-files/PAR-18-189.html for details.

**CFDA Number:** 93.866

**Contact:** Contacts vary by institute

--------------------------------------------
Program: NIH Director's Pioneer Award Program (DP1)
Agency: National Institutes of Health
Next Deadline: Sep 06, 2019
Supports individual scientists (DP1) of exceptional creativity who propose pioneering and possibly transforming approaches to addressing major biomedical or behavioral challenges that have the potential to produce an unusually high impact on a broad area of biomedical or behavioral research. Proposed research must reflect substantially different scientific directions from those already being pursued in the investigator’s research program or elsewhere for serious consideration. See https://grants.nih.gov/grants/guide/rfa-files/RFA-RM-19-005.html for details. Email: PioneerAwards@mail.nih.gov

CFDA Number: 93.310
Contact: Ravi Basavappa, Program Officer
301-435-7204

Program: NRSA Institutional Research Training Grants (T32)
Agency: National Institutes of Health
Next Deadline: Sep 25, 2019
NRSA Institutional Research Training Grants support the development or enhancement of research training opportunities (predoctoral, postdoctoral, and short-term training for health-professional students) for individuals, selected by the institution, who are training for careers in specified areas of biomedical, behavioral, and clinical research. All applications must include a plan for RCR instruction. Contacts, policies, and deadlines vary by NIH Institute, so applicants must contact NIH before submitting an application. Annual deadlines: 1/25, 5/25, 9/25 through 1/8/21. See http://grants.nih.gov/grants/guide/pa-files/PA-18-403.html Email: grantsinfo@od.nih.gov

CFDA Number:
Contact: NIH Grants Info, Acting NIH Research Training Officer
301-945-7573

Program: Small Business Innovation Research Grant (SBIR) Program (Parent R43/R44)
Agency: National Institutes of Health
Next Deadline: Sep 05, 2019
Supports grant applications (R43/R44) to NIH, CDC, ACF & FDA from small businesses in biomedical or behavioral research areas. Objective of Phase I aims to establish the technical/scientific merit and feasibility of the proposed R/R&D efforts. TOSI will change periodically as Institute programmatic interests dictate. Support is normally provided for six months/up to $150,000 for Phase I and up to $1 million for Phase II. However, Congress will allow awards up to $225,000 and $1.5 million respectively for certain Phase I and Phase II applications. Annual deadlines: 1/5, 4/5, 9/5 through 4/7/20. See https://grants.nih.gov/grants/guide/pa-files/PA-19-272.html for details. Email: sbir@od.nih.gov

CFDA Number:
Contact: NIH SBIR/STTR Program Office OER
301-435-2688

Program: Small Business Technology Transfer (STTR) Program (Parent R41/42)
Agency: National Institutes of Health
Next Deadline: Sep 05, 2019
Supports research (R41/42) at small business concerns (SBC) that have the research capabilities and technological expertise to contribute to the R&D mission(s) of NIH. At least 40% of the work must be performed by the SBC and at least 30% of the work must be performed by a single, partnering research institution. Deadline is for proposals for Phase I feasibility studies. Support normally is for six months/up to $150,000 for Phase I and up to $1 million for Phase II. However, Congress will allow awards up to $225,000 and $1.5 million respectively. Annual deadlines: 1/5, 4/5, 9/5 through 4/7/20. See https://grants.nih.gov/grants/guide/pa-files/PA-19-270.html for updates. E-mail: sbir@od.nih.gov

**Program:** Sponsored Programs Administration Development (SPAD) Program

**Agency:** National Institutes of Health

**Next Deadline:** Jul 25, 2019

Supports sponsored research program activities aimed to enhance biomedical research and/or research training. Objectives may be determined by short-term metrics (i.e., increase the number of grant application submissions, awards, and subcontracts) and longer-term metrics (i.e., enhanced research activity such as publications, presentations, awards) and/or an increase in the number of students who pursue biomedical research careers at primarily undergraduate institutions. SPAD is intended for institutions at the early phases of development of sponsored programs and will measure success in moving from one phase to the next. Limited submission: one application per institution. See https://grants.nih.gov/grants/guide/rfa-files/RFA-RM-19-004.html Email: luis.cubano@nih.gov

**CFDA Number:**

**Contact:** Luis A. Cubano, Program Officer

--------------------------------------------------------------------------------------------------------

**Program:** Platform Delivery Technologies for Nucleic Acid Therapeutics (R41/R42)

**Agency:** National Institutes of Health

**Next Deadline:** Sep 05, 2019

The purpose of this initiative is to incentivize small businesses to generate new technologies and products for delivering nucleic acids into cells and tissues for the purpose of treatment or prevention of human disease. For the purposes of this research, platform technologies will deliver nucleic acids to tissues in a sequence-independent manner, and as such are in principle applicable to the treatment of multiple diseases. Colleges and universities are eligible to partner. Annual deadlines: 1/5, 4/5, 9/5 through 9/6/19. See https://grants.nih.gov/grants/guide/pa-files/PAR-17-036.html for details. Email: pjbrooks@mail.nih.gov

**CFDA Number:** 93/350

**Contact:** PJ Brooks, Program Officer NCAST 301-443-0513

--------------------------------------------------------------------------------------------------------
**Program:** Development and/or Validation of Devices or Electronic Systems to Monitor or Enhance Mind and Body Interventions  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 05, 2019  
Supports small business concerns that will develop and/or validate devices or electronic systems that can: monitor biologically- or behaviorally-based processes applicable to mind and body interventions or be used to assist in optimizing the practice or increasing the efficacy of mind and body interventions. This R41/R42 FOA defines mind and body interventions as non-pharmacological approaches that include mind/brain focused interventions, body-based approaches, or combined mind and body meditative movement approaches. Applicants are strongly encouraged to contact NIH program officials prior to submitting any application in excess of the guidelines. Annual deadlines: 1/5, 4/5 and 9/5 through 1/6/20. Program: Pediatric Growth and Nutrition Branch (PGNB)
Agency: National Institutes of Health
Next Deadline: Sep 2019
Supports research aimed at understanding the mechanisms of growth and development at the gene-molecular level and at higher levels of cell and organ function. Annual deadlines: refer to traditional NIH research application due dates; applications accepted even when there are no relevant RFAs or PAs. See https://www.nichd.nih.gov/about/org/der/branches/pgnb/Pages/overview.aspx Email: andrew.bremer@nih.gov

CFDA Number: 93.865
Contact: Andrew Bremer, Branch Chief NICHD 301-402-7886

Program: Medical Rehabilitation Research
Agency: National Institutes of Health
Next Deadline: Sep 2019
Supports research on restoring, replacing or enhancing the function of children and adults with disabilities. Priority areas include: improving functional mobility; promoting behavioral adaptation to functional losses; assessing efficacy and outcomes to medical rehab therapies and practices; developing improved assistive tech; understanding whole body system responses to physical impairments and functional changes; and developing more precise methods of measuring impairments, disabilities, and limitations. Annual deadlines: applications accepted anytime, but call to determine interest. See http://tinyurl.com/ltfcbvh for details. Email: Alison.Cernich@nih.gov

**Program:** Communication Disorders Research  
**Agency:** National Institutes of Health  
**Next Deadline:** Sep 2019  
Supports investigator-initiated research on all aspects of hearing, equilibrium, speech, voice, language, & the special senses (taste, touch, smell). Included are clinical & basic studies of anatomical, physiological, biochemical, behavioral, & pathological aspects of communicative & neurosensory disorders. Also supports research, development & evaluation of communicative aids & literacy of individuals who are deaf or hearing impaired. Annual deadlines: accepts unsolicited applications on any relevant topic. Call or email to determine interest. See http://www.nidcd.nih.gov/funding/ Email: jordanc@mail.nih.gov

**Program:** Early-Stage Preclinical Validation of Therapeutic Leads for Diseases

**Agency:** National Institutes of Health

**Next Deadline:** Jul 14, 2019

Supports translational research that provides strong justification for later-phase therapeutics discovery and development efforts in health-related outcomes relevant to the National Institute of Diabetes and Digestive and Kidney Diseases. This includes outcomes relevant to obesity, diabetes and related aspects of endocrinology and metabolism, digestive diseases, liver diseases, nutrition, kidney and urological diseases, and hematology. Optional LOIs are due 10/12 and 6/14. Annual deadlines: 7/14 and 11/12 through 7/15/21. See https://grants.nih.gov/grants/guide/pa-files/PAR-19-294.html Email: pawlykac@mail.nih.gov

Program: Communications, Circuits, and Sensing-Systems (CCSS)  
Agency: National Science Foundation  
Next Deadline: Sep 2019  
Supports systems research and integrated educational activities in hardware, signal processing techniques, and architectures to enable the next generation of cyber systems that leverage computation, communication, and algorithms integrated with physical domains. Focus areas include: RF Circuits and Antennas for Communications and Sensing; Communication Systems and Signal Processing; Dynamic Biosensing Systems. Annual deadline: proposals accepted at any time. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505248 for details. Email: jenlin@nsf.gov

Deadlines Page 33 of 42
Program: Electronics, Photonics, and Magnetic Devices (EPMD)
Agency: National Science Foundation
Next Deadline: Sep 2019
Supports efforts to improve the fundamental understanding of devices and components based on the principles of micro and nano electronics, photonics, magnetics, organics, electro-optics, electromechanics, electromagnetics, and related physical phenomena. Program advances the frontiers of nanoelectronics, spin electronics, molecular and organic electronics, bioelectronics, biomagnetics, non-silicon electronics, and flexible electronics. Annual deadline: full proposals accepted at any time. See http://tinyurl.com/j7yrwef for details. Email: uvarshne@nsf.gov

Program: Biological and Environmental Interactions of Nanoscale Materials
Agency: National Science Foundation
Next Deadline: Sep 2019
Supports research on the interactions of biological and ecological media with nanostructured materials and nanosystems. Projects support safe manufacturing, handling and utilization of nanostructures, development of measurement tools and predictive simulation approaches, improved assessment of transport and transformations of environmental nanomaterials in various environmental media, and development of principles for establishing robust risk assessment and management for nanostructured materials and nanosystems. Annual deadline: proposals are accepted at any time. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505553 for details. Email: nosavage@nsf.gov

703-292-7029

Program: Combustion and Fire Systems
Agency: National Science Foundation
Next Deadline: Sep 2019
Supports fundamental research and education to generate cleaner global and local environments, enhanced public safety, improved energy and homeland security, and more efficient manufacturing. Supports broad, basic knowledge that can be used by others in development of systems. Broad-based computational, experimental, or diagnostic tools are major products of this endeavor. Focus areas include: Basic Combustion Science; Combustion Science related to Clean Energy; and Fire Prevention. Annual deadline: Proposals are accepted at any time. See https://tinyurl.com/y8oa5p74 for details. Email: hchellia@nsf.gov

703-292-7062
**Program:** Disability and Rehabilitation Engineering (DARE)

**Agency:** National Science Foundation

**Next Deadline:** Sep 2019

Supports fundamental engineering research leading to the development of new technologies, devices, or software to improve the quality of life of persons with disabilities. Research may focus on the characterization, restoration, or substitution of human functional ability or cognition, or the interaction of persons with disabilities and their environment. Disability-related research in neuroengineering and rehabilitation robotics is of special interest. Annual deadline: proposals accepted at any time. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=505557 for details. Email: asimonia@nsf.gov

**Program:** Cooperative Studies of Earth's Deep Interior (CSEDI)

**Agency:** National Science Foundation

**Next Deadline:** Sep 23, 2019 (target date)

Supports basic research on the character and dynamics of Earth's mantle and core, their influence on the evolution of Earth as a whole, and processes operating within the deep interior that affect or are expressed on Earth's surface. Projects may employ any combination of field, laboratory, and computational studies with observational, theoretical, or experimental approaches. Multidisciplinary work is required. Annual deadline: fourth Monday in September. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=11702 for details. Email: rreichli@nsf.gov

GEO
703-292-8556

---

**Program:** GeoPrisms Program

**Agency:** National Science Foundation

**Next Deadline:** Aug 16, 2019

The successor to the MARGINS Program, GeoPRISMS investigates the coupled geodynamics, earth surface processes, and climate interactions that build and modify continental margins over a wide range of timescales. Includes two broadly integrated science initiatives (Subduction Cycles and Deformation and Rift Initiation and Evolution). Scientific topics and themes: 1) Origin and evolution of continental crust; 2) Fluids, magmas and their interactions; 3) Climate-surface-tectonics feedbacks; 4) Geochemical cycles; and 5) Plate boundary deformation and geodynamics.

Conference Proposals are accepted at any time. See http://tinyurl.com/74bmfge for details. Email: jwade@nsf.gov

**Program:** Computational and Data-Enabled Science and Engineering

**Agency:** National Science Foundation

**Next Deadline:** Sep 16, 2019

Supports the development, adaptation, and utilization of one or more of the capabilities offered by advancement of research and infrastructure in computation and data, either through cross-cutting or disciplinary programs. Program includes all Divisions within the Directorate for Mathematical and Physical Sciences, Directorate for Engineering, as well as the Division of Advanced Cyberinfrastructure. Annual deadline: proposal Window 9/1-9/15. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=504687 for details. Email: bvidakov@nsf.gov

**Program:** Focused Research Groups in the Mathematical Sciences (FRGMS)

**Agency:** National Science Foundation

**Next Deadline:** Sep 11, 2019

Supports efforts by groups of researchers to respond to recognized scientific needs of pressing importance, to take advantage of current scientific opportunities, or to prepare the ground for anticipated significant scientific developments in the mathematical sciences. In addition to mathematicians and statisticians, groups may include researchers from other science and engineering disciplines appropriate to the proposed project. Annual deadline: second Wednesday in September. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5671 for details. Email: tbartosz@nsf.gov

--------------------------------------------
Program: Probability

Agency: National Science Foundation

Next Deadline: Sep 25, 2019

Supports research on the theory and applications of probability. Subfields include discrete probability, stochastic processes, limit theory, interacting particle systems, stochastic differential and partial differential equations, and Markov processes. Probability research that involves applications to other areas of science and engineering is especially encouraged. Annual deadline: proposal window is 9/10-9/25. See https://www.nsf.gov/funding/pgm_summ.jsp?pims_id=5555 for details. Email: tbartosz@nsf.gov

Program: Restricted-Access Research Data Centers

Agency: National Science Foundation

Next Deadline: Sep 30, 2019

Supports the establishment of new Research Data Centers (RDCs), which are secure Census Bureau facilities within which external researchers are given access to confidential micro data in accordance with specific statutory requirements. Projects should expand access to secure data to a broader segment of the social, behavioral, and economic sciences research community. Potential investigators first must contact Census regarding the feasibility of sponsoring an RDC prior to submitting a proposal to NSF. Program: Science of Organizations (SoO)

Agency: National Science Foundation

Next Deadline: Sep 03, 2019

Supports basic research yielding a scientific evidence base to improve the design and emergence, development and deployment, and management and ultimate effectiveness of organizations of all kinds. Projects should advance business practitioners', policy-makers', and research communities' fundamental understanding of how organizations develop, form, and operate. The majority of space in any proposal will need to be dedicated to the explication of theory, methods, and specific contribution to the evidence base about organizational effectiveness. Annual deadlines: target dates are 2/2 and 9/3. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =504696 for details. Email: gchao@nsf.gov

Program: Science of Science and Innovation Policy (SciSIP)

Agency: National Science Foundation

Next Deadline: Sep 09, 2019

Supports research designed to advance the scientific basis of science and innovation policy. Funds support research to develop models, analytical tools, data and metrics that can be applied in the science policy decision making process and concern the use and allocation of scarce scientific resources. Proposals that create and improve science, engineering and innovation data, including the design of new metrics and indicators, particularly proposals that demonstrate the viability of collecting and analyzing data on knowledge generation and innovation in organizations, are encouraged. Annual deadlines: 2/9 (2/10 in 2020) and 9/9. See http://www.nsf.gov/funding/pgm_summ.jsp?pims_id =501084 for details. Email: csugimot@nsf.gov

--------------------------------------------
**Program:** Sloan Research Fellowships  
**Agency:** Sloan (Alfred P.) Foundation  
**Next Deadline:** Sep 16, 2019  
Supports fundamental research by early career scientists in chemistry, computer science, mathematics, economics, neuroscience, physics, and computational and evolutionary molecular biology. Awards provide $50,000 over two years. Candidates must hold a tenure track position, and have received a Ph.D. on or after September 1, 2012. Deadline refers to nominations, which must be made by department heads or other senior scholars. Limited submission: three candidates per department. Annual deadline: 9/15. See http://www.sloan.org/fellowships for details. Email: goroff@sloan.org

**Program:** AFRI: Foundational Program  
**Agency:** U.S. Department of Agriculture  
**Next Deadline:** Jul 09, 2019  
Supports research focusing on building a foundation of knowledge critical for solving current and future agricultural challenges. Several priority areas, each with topic areas: Agricultural Innovation through Gene Editing; Agricultural Microbiomes; Tactical Sciences for Agricultural Biosecurity; Inter-Disciplinary Engagement in Animal Systems; and All Conference Grants. Multiple LOI deadlines assigned to each program. Noted deadlines refer to required letters of intent. FOA closes on 12/18/19. See https://nifa.usda.gov/funding-opportunity/agriculture-and-food-research-initiative-foundational-applied-science-program for updates. Email: AFRI@nifa.usda.gov

**Program:** Space Operations Initiative  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Sep 30, 2019 (target date)  
Two-step BAA seeking white papers for research for enhanced event monitoring situational assessment, automated decision aids for action analysis and selection, dynamic resource management, and "Command and control" enterprise management. Focus areas include: Command and control, Electromagnetic spectrum visualization and Automated, real-time course of action generation. Program funds projects that enable dominance in space without interference from space-based threats. White papers accepted at any time until 9/30/19, but preferred by early October each year. See http://tinyurl.com/ms7nl5g for details. Email: joshua.surman@us.af.mil.  
**CFDA Number:**  
**Contact:** Josh Surman, Program Officer

---

**Program:** Distributed Operations (DistrO)  
**Agency:** U.S. Department of Defense  
**Next Deadline:** Sep 30, 2019  
Program seeking white paper research proposals on software components that autonomously assess the progress of their operations, identify deviations from expected activities and outcomes, and recommend adjustments to enable continuous operations at forward nodes in anti-access and area-denial environments. Focus areas include: Planning and Assessment Technology Development; and Distributed Integration and Experimentation. Applications are accepted on a rolling basis. Approximately $9.9 million will be available from FY 16 to FY 19 using the following release schedule: FY16 - $1.8M/ FY17 - $2.9M/ FY18 - $4.5M/ and FY19 - $0.7M. This BAA will close on 30 Sep 2019. All responses to this BAA must be addressed to the Technical point of Contact listed and not to the Contracting Officer. See http://tinyurl.com/j9x93bz for details. Email: Gail.Marsh@us.af.mil
