Hey Wildcats -- Thanks to your collective participation, we are seeing movement in Butte County and we currently dropped a level on the county watchlist. The good news is that we are seeing a decrease in positive COVID cases and now we need to continue this trend in order to see each other again.

Some may be wondering if you can all meet in person now. Well....not yet but SOON! We need to hold strong right now and keep personal interactions minimal so we can maintain our current status with Butte County Public Health. Meanwhile, our emergency operation center on campus is working tirelessly to provide a process for you to submit exemption forms for getting in-person meetings on campus approved. Stay tuned....we are getting there but most importantly -- please stay safe so we can make in-person meetings a reality!!
