## 2020 Bicycle Friendly University Campus Reviewer Survey

#	COMMENTS:	DATE
1	There are a plethora of bike racks on campus. I was happy to find a map of the racks when I first began attending. Chico is flat which makes for an easy ride. The only disadvantage is the cars. At times the roads are not particularly bicycle friendly but the campus is.	11/20/2020 4:43 AM
2	They are unsafe, and very few	11/15/2020 4:06 AM
3	All of my working life The famous was not friendly to cyclists	11/13/2020 3:18 PM
4	The area around the campus is very bicycle friendly with numerous bike paths and ways to get to campus safely. The campus, however, only has one bike path that runs through the center	11/13/2020 11:06 AM
5	There needs to be more protections for pedestrians and enforce that bikes stay on the paths assigned.	11/12/2020 1:23 PM
6	My bicycle is my primary transportation, and I have been a bicycle commuter at this campus for over 10 years.	11/9/2020 1:34 PM
7	I lived on campus for a short period of time, but a lot of incidents involving bicycles happened	11/5/2020 3:43 PM
8	We were not allowed to ride bikes on campus until recently. Before if we did, we would get tickets.	10/27/2020 7:11 PM
9	I commute to campus by bicycle daily (or at least I did before Covid)	10/26/2020 7:22 PM
10	While there are many paths that lead to campus, most are potholed or run down. No cycling or bicycles are allowed on campus.	10/26/2020 3:37 PM
11	Commute to campus on a regular basis	10/26/2020 1:57 PM
12	I ride my bike to work a few days a week (pre-COVID).	10/26/2020 12:01 PM
13	I have seen some bike racks and I've heard from some female students that the bike path is not safe.	10/26/2020 11:22 AM
14	In non covid times, I road to work approximate 90% of the time	10/26/2020 10:46 AM

**Q4 What do you think are the institution's three greatest strengths in its efforts to promote bicycling for transportation and recreation? Please explain.**

Answered: 94 Skipped: 79

ANSWER CHOICES	RESPONSES	
Strength 1:	100.00%	94
Strength 2:	90.43%	85
Strength 3:	69.15%	65

## 2020 Bicycle Friendly University Campus Reviewer Survey

#	STRENGTH 1:	DATE
1	Location: The campus is located in a reasonably bicycle-friendly city, just west of the west end of Bidwell Park, which stretches for 3.5 miles eastward from campus to the edge of town and serves as a bicycle highway for commuters.	11/17/2020 5:39 PM
2	Multiple bike parking areas	11/16/2020 5:30 PM
3	Some bike lanes(not enough)	11/16/2020 12:30 PM
4	new bike path across campus	11/15/2020 4:15 AM
5	Location. The University is located in the central/downtown area of the City of Chico and makes for shorter commutes for faculty, staff, and students	11/13/2020 2:59 PM
6	Social media encouragement to ride a bike to campus	11/13/2020 2:26 PM
7	Promoting alternative transportation	11/13/2020 11:27 AM
8	Improved bike lanes around campus	11/13/2020 11:25 AM
9	it is a small campus	11/13/2020 11:24 AM
10	The campus happens to be on flat ground which is great for bicycle commuting.	11/13/2020 11:13 AM
11	Bike path clearly marked	11/13/2020 11:10 AM
12	The clubs on campus are very active	11/13/2020 11:09 AM
13	Availability of bike racks in convenient locations	11/13/2020 11:02 AM
14	Plentiful bike racks/parking	11/13/2020 10:34 AM
15	They surveyed students during a trial run	11/12/2020 1:28 PM
16	Campus layout with residential areas adjacent to campus.	11/9/2020 1:47 PM
17	bike lanes around campus well maked on maps	11/6/2020 1:40 PM
18	High parking fees	11/6/2020 12:14 PM
19	bicycle paths through campus	11/5/2020 6:22 PM
20	Very flat campus so it's easy to ride	11/5/2020 3:48 PM
21	riding through the beautiful campus	11/5/2020 12:40 PM
22	commitment to zero emissions transportation	11/5/2020 10:33 AM
23	Included improvements in biking accessibility in the new master plan	11/4/2020 2:22 PM
24	Bike Cart Repair Shop	11/4/2020 2:01 PM
25	Plenty of bike parking with modern racks	11/4/2020 1:21 PM
26	near- perfect biking weather year round	11/4/2020 1:13 PM
27	Sustainability - car traffic, car parking, congestion	11/4/2020 12:30 PM
28	a sustainability coordinator, cheri chastain, that is an excellent proponent for alt. transportation options	11/4/2020 11:57 AM
29	the landscape is flat	11/4/2020 11:39 AM
30	Bike racks located near each building that are well lit and under camera security	11/4/2020 11:24 AM
31	the location of the campus- near downtown and neighborhoods	11/4/2020 11:17 AM
32	Making a plan to have designated biking lanes on campus that will also keep pedestrians safe	11/4/2020 10:59 AM
33	Bike lanes in the campus area	11/4/2020 10:43 AM
34	There's bike racks throughout campus	11/3/2020 9:25 PM
35	Bike racks	11/3/2020 7:33 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

36	I like that bikes can go thru campus more now. Its neat to ride through campus and its faster.	11/2/2020 6:45 PM
37	That they actually care about cyclist (to an extent)	11/2/2020 6:21 PM
38	The recent pilot project for bike path through campus north of the creek	10/31/2020 10:10 PM
39	Bike racks	10/29/2020 12:53 PM
40	A lot of bike parking available and at every building	10/27/2020 9:14 PM
41	makes it faster to get to class	10/27/2020 7:13 PM
42	bike routes on campus	10/27/2020 3:34 PM
43	Experimenting with bike pathway through campus	10/27/2020 3:25 PM

36	Large Biking Community	10/27/2020 3:01 PM
37	Numerous exterior campus bike rack parking	10/27/2020 2:40 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

38	Supporting admin and community members	10/27/2020 12:41 PM
39	None	10/26/2020 8:53 PM
40	the campus has a few designated areas for bike maintenance	10/26/2020 7:26 PM
41	groups of students dedicated to supporting alternative transportation	10/26/2020 6:46 PM
42	Lot's of parking	10/26/2020 6:22 PM
43	no others	10/26/2020 4:02 PM
44	Largely local student population	10/26/2020 3:48 PM
45	Climate awareness	10/26/2020 3:19 PM
46	Support for traffic safety around campus	10/26/2020 2:48 PM
47	Are continuing to look for ways to increase rider opportunities	10/26/2020 2:28 PM
48	Bike parking places	10/26/2020 2:28 PM
49	Plenty of cycling parking on the periphery of campus	10/26/2020 2:25 PM
50	Sustainability and the reduction of carbon emissions	10/26/2020 1:21 PM
51	Paths around/through campus but you can't bike on all of them	10/26/2020 12:58 PM
52	Host a bike cart for repairs	10/26/2020 12:58 PM
53	Year-round bikeable weather	10/26/2020 12:21 PM
54	Campus is small, compact, which makes it easy to get from one point to another.	10/26/2020 12:06 PM
55	Plenty of bike parking	10/26/2020 11:44 AM
56	Many paths and access points to accommodate housing in all directions around the campus	10/26/2020 11:35 AM
57	Mostly mild weather	10/26/2020 11:30 AM
58	Encouraging use of biking across campus	10/26/2020 11:27 AM
59	Cycling helps in further promoting the sustainability culture in Chico and at Chico State	10/26/2020 11:06 AM
60	annual bike auction through associated students	10/26/2020 10:54 AM
61	Works collaboratively with the city to plan and implment safety for bicyclists.	10/26/2020 10:49 AM
62	bike repair stations	10/25/2020 11:53 PM
63	they finally hired a sustainability director that actually care about the issue and is not affected by internal politics	10/24/2020 12:23 AM
64	Encouraging atmosphere	10/23/2020 7:15 PM
65	good integration with city bike lanes	10/23/2020 6:53 PM

**Q5 What are the three most important measures the institution should undertake to become more bicycle friendly? Please explain.**

Answered: 97 Skipped: 76

ANSWER CHOICES	RESPONSES	
Measure 1:	100.00%	97
Measure 2:	94.85%	92
Measure 3:	72.16%	70

## 2020 Bicycle Friendly University Campus Reviewer Survey

#	MEASURE 1:	DATE
1	Improve bicycle parking facilities: Almost all existing facilities are uncovered and vulnerable to theft and vandalism.	11/17/2020 5:39 PM
2	Theft Provention	11/16/2020 5:30 PM
3	More bike lanes that connect through the school and lead to bike paths throughout the city	11/16/2020 12:30 PM
4	install cameras/ better security! bikes are often vandalized/ stolen	11/15/2020 4:15 AM
5	North - south access through campus	11/13/2020 3:21 PM
6	On campus bike paths (we need paths that go north to south and east to west)	11/13/2020 2:59 PM
7	Collaborate with the City of Chico to improve car and bike traffic flow around & to and from the campus	11/13/2020 2:26 PM
8	Add more bike lanes	11/13/2020 11:27 AM
9	Improve monitoring of bikes to reduce bike theft	11/13/2020 11:25 AM
10	The paths should not be "on campus". It is small enough to ride around.	11/13/2020 11:24 AM
11	Allow us to actually ride our bikes on campus. Currently there is only one East West bike legal route through campus and there is not a single North South route through campus. Cyclist are forced onto traffic heavey arteries when attempting to ride across campus.	11/13/2020 11:13 AM
12	Communication to campus community about bike/pedestrian courtesy "rules of the road"	11/13/2020 11:10 AM
13	More acceptance from administration	11/13/2020 11:09 AM
14	provide options for secured bike rack areas to deter thefts	11/13/2020 11:02 AM
15	Reduce bicycle crime and vandal rate.	11/13/2020 10:40 AM
16	Safety	11/13/2020 10:34 AM
17	Training for incoming students on where they are allowed to bike	11/12/2020 1:28 PM
18	Add more/safer/better bike paths.	11/9/2020 1:47 PM
19	make riding in campus core more clear	11/6/2020 1:40 PM
20	Additional measures to deter bike theft	11/6/2020 12:14 PM
21	more bicycle paths through camps	11/5/2020 6:22 PM
22	Protect the biking areas better	11/5/2020 3:48 PM
23	more bike paths	11/5/2020 12:40 PM
24	More bike path in downtown to complement the campus integration	11/5/2020 10:33 AM
25	Fully commit to making bike lanes safe, lit, clearly marked, wide enough.	11/4/2020 2:22 PM
26	Have a Bike Path from North to South	11/4/2020 2:01 PM
27	Incentive program for employees	11/4/2020 1:21 PM
28	bike parking security- active initiatives to make bike parking secure, not just "register your bike" campaigns that don't prevent theft	11/4/2020 1:13 PM
29	Education/safety - Cyclists don't follow basic traffic laws, don't stop at stop signs, don't yield to anything	11/4/2020 12:30 PM
30	build more bike lanes and especially bike paths b/c cars and pedestrians are still sort of dumb about bikes here.	11/4/2020 11:57 AM
31	security is abhorrent	11/4/2020 11:39 AM
32	Usable bike paths on campus	11/4/2020 11:24 AM
33	better security so bikes esp. in summer are not vandalized or stolen. have indoor bike racks	11/4/2020 11:17 AM

## 2020 Bicycle Friendly University Campus Reviewer Survey

34	Creating a safe on campus biking policy that keeps both cyclists and pedestrians safe	11/4/2020 10:59 AM
35	Prevent bike theft	11/4/2020 10:43 AM
36	rule enforcement	11/4/2020 10:21 AM
37	Allow bikes to ride on campus, I got stopped by campus police at night during holiday with no one there for riding my bike on a wide path, it sucked and made it hard for me to get around because I'm disabled and had to carry a heavy backpack plus social anxiety	11/3/2020 9:25 PM
38	Develop bike paths on campus	11/3/2020 7:33 PM
39	More designated bike lanes in and around campus.	11/2/2020 6:45 PM
40	Better outline of bike paths that run through campus not just to it or around it	11/2/2020 6:21 PM
41	Make the bike path pilot project permanent, with good signage and path markings	10/31/2020 10:10 PM
42	Bike routes through the university campus	10/29/2020 12:53 PM
43	I think there should be secure bike lockers (perhaps for a charge). I have a bike that even with a lock, I'm not comfortable locking it up.	10/27/2020 9:14 PM
44	better bike lanes	10/27/2020 7:13 PM
45	bike routes in parts of campus that don't have them	10/27/2020 3:34 PM
46	Designate bike friendly pathways through campus. Currently, biking is not permitted in most areas.	10/27/2020 3:25 PM
47	Promote biking	10/27/2020 3:01 PM
48	Bike theft is rampant.	10/27/2020 2:40 PM
49	Secure bike storage to prevent bike theft	10/27/2020 2:16 PM
50	Better street lighting/signage around campus/college town	10/27/2020 12:41 PM
51	Clean the bike lanes on and around campus (don't make piles of leaves on the bike path)	10/26/2020 9:56 PM
52	Open first street through campus to bikes	10/26/2020 8:53 PM
53	permanent bike path through campus	10/26/2020 7:26 PM
54	More access to campus via bike. Most of campus is barred from bicycles. Only a single, short, barely separated bike path exists.	10/26/2020 7:25 PM
55	Allow bicycle riding on campus, because currently they do not	10/26/2020 6:59 PM
56	Offer LCI classes/opportunities	10/26/2020 6:46 PM
57	Safe bike lanes for pedestrians and bikes	10/26/2020 6:22 PM
58	Better bike paths on campus- currently very limited on-campus riding is allowed.	10/26/2020 5:23 PM
59	Secure Parking Areas	10/26/2020 5:09 PM
60	Make more bike paths through campus.	10/26/2020 4:43 PM
61	Bike security, bikes are often taken or parts removed	10/26/2020 4:32 PM
62	Paths on campus	10/26/2020 4:02 PM
63	Create a bike path through campus, especially connecting out far/outlying building	10/26/2020 4:02 PM
64	Create safe bike paths across campus. Biking is currently banned on campus.	10/26/2020 3:48 PM
65	Allow bicycles on campus, by way of bike paths and thoroughfares that are bicycle friendly.	10/26/2020 3:39 PM
66	offer bicycle parking that is either covered, monitored with security, or able to be parked indoors (or in a locker)	10/26/2020 3:21 PM
67	Improving bikeways to campus and within campus (a continual work in progress)	10/26/2020 3:19 PM
68	create bicycle lanes on campus.	10/26/2020 3:07 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

69	More bike parking	10/26/2020 3:00 PM
70	clearly marked bike paths	10/26/2020 2:48 PM
71	Encourage secure parking practices	10/26/2020 2:48 PM
72	Put bike racks next to the buildings...even if you can't ride there, your bike is more secure when it is nearer you.	10/26/2020 2:28 PM
73	Better north-south bike path	10/26/2020 2:28 PM
74	Convienience. Provide a cycle valet service to provide bike security and basic maintence opportunities (not necesscarily free). Similar to the OHSU model: <a href="https://www.ohsu.edu/visit/go-by-bike">https://www.ohsu.edu/visit/go-by-bike</a>	10/26/2020 2:25 PM
75	Create safe bike parking areas	10/26/2020 1:54 PM
76	Priority on bike friendly options, like bike paths, on campus	10/26/2020 1:21 PM
77	Some covered bicycle parking for inclement weather	10/26/2020 1:19 PM
78	Bike security	10/26/2020 1:05 PM
79	More bike paths throughout the city that lead to the campus	10/26/2020 12:58 PM
80	More bike lanes in the neighborhoods surrounding campus where most students live	10/26/2020 12:58 PM
81	Make bike paths wide enough	10/26/2020 12:56 PM
82	Provide more secure bike racks to combat theft	10/26/2020 12:21 PM
83	More bike parking (of theft-secure/deterrent bike locks) at all campus entry points	10/26/2020 12:06 PM
84	Making bike paths to campus, not on campus	10/26/2020 11:51 AM
85	Additional on-campus bike routes	10/26/2020 11:44 AM
86	Safe places to park bikes while at school - bicycle theft is the #1 crime in Chico	10/26/2020 11:35 AM
87	A well marked bicycle path through campus	10/26/2020 11:30 AM
88	Ensure that safety measures are clear and enforced. Currently, there are many sections of path where cyclists and pedestrians must walk together (off bike), but cyclists on bike and pedestrians dodge each other regularly due to unclear rules and non-enforcement	10/26/2020 11:27 AM
89	Safe and secure bike parking	10/26/2020 11:08 AM
90	Establishing secure, covered bike parking with cameras	10/26/2020 11:06 AM
91	Install bike racks that are easy to use	10/26/2020 10:57 AM
92	improve condition and placement of bike rakes including covered areas	10/26/2020 10:54 AM
93	develop bike paths through the University	10/26/2020 10:49 AM
94	repave the bike lanes please	10/25/2020 11:53 PM
95	No idea, teach everybody how to ride a bike.	10/23/2020 9:11 PM
96	Covered secure bike parking	10/23/2020 7:15 PM
97	work with campus police to prevent bike theft on campus	10/23/2020 6:53 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

#	MEASURE 2:	DATE
1	Improve the bicycle route across campus, making it an actual well-marked path.	11/17/2020 5:39 PM
2	Weather Protection	11/16/2020 5:30 PM
3	Bike crossing buttons at intersections	11/16/2020 12:30 PM
4	more bike parking LOCATIONS across campus (even if only a few bikes per area, but more areas)	11/15/2020 4:15 AM
5	Secure covered bike parking in convenient locations	11/13/2020 3:21 PM
6	Hours where bicyclists can ride through campus. As of now, no riding of bike's is allowed on the campus core (most of campus) ever.	11/13/2020 2:59 PM
7	After the pandemic, increase promotive efforts to encourage students, faculty & staff to ride bikes to & from campus	11/13/2020 2:26 PM
8	Finish changing out old bike racks with new ones that better prevent theft	11/13/2020 11:27 AM
9	Provide more air stations around campus	11/13/2020 11:25 AM
10	Ivy St. which goes through campus should be clearly marked as bike lanes. 2nd St which goes around campus should also be clearly marked to encourage bikers.	11/13/2020 11:24 AM
11	Security. Bicycle theft is rampant on campus.	11/13/2020 11:13 AM
12	air pumps	11/13/2020 11:10 AM
13	More bike routes on campus	11/13/2020 11:09 AM
14	resurrect the cycling classes that were once offered	11/13/2020 11:02 AM
15	Create wider and clear Bike path	11/13/2020 10:40 AM
16	Lighting	11/13/2020 10:34 AM
17	Signs and crosswalks for pedestrians	11/12/2020 1:28 PM
18	Educate students and employees about safe transportation, e.g., skateboarding as well as cycling	11/9/2020 1:47 PM
19	very little riding allowed on campus core, so expand, this relates to 6. If there are little options comfort is hard to assess.	11/6/2020 1:40 PM
20	more air pumping stations	11/5/2020 6:22 PM
21	Put security cameras near bike storage places	11/5/2020 3:48 PM
22	finalize current bike path	11/5/2020 10:33 AM
23	Add bike lockers	11/4/2020 2:22 PM
24	Have an Additional Bike Cart	11/4/2020 2:01 PM
25	Increased security for bike parking areas	11/4/2020 1:21 PM
26	bike parking security	11/4/2020 1:13 PM
27	Theft - LOTS of theft of bikes parked oncampus - need secure parking	11/4/2020 12:30 PM
28	regarding Measure 1 - create a culture of biking that is safe and welcoming. most folks think bicyclists are a hassle and dangerous, and many bicyclists are terrible at following traffic signals.	11/4/2020 11:57 AM
29	enforcement of safety rules is nonexistent	11/4/2020 11:39 AM
30	Bike racks behind locked gates	11/4/2020 11:24 AM
31	some type of employee incentives for biking to work: hold back some parking passes for half year use so that employees who bike in summer, spring can take advantage of these passes	11/4/2020 11:17 AM
32	Secure parking structures to prevent bicycle theft	11/4/2020 10:59 AM

## 2020 Bicycle Friendly University Campus Reviewer Survey

33	More covered bike parking	11/4/2020 10:43 AM
34	Pedestrian safety	11/4/2020 10:21 AM
35	More bike racks in areas that get overflow from all the bikes	11/3/2020 9:25 PM
36	Remove no biking on campus rule	11/3/2020 7:33 PM
37	More bike fixing stations and have them be free as possible.	11/2/2020 6:45 PM
38	Bike racks that are not right along the road to better help prevent theft	11/2/2020 6:21 PM
39	Safe bicycle parking to reduce theft and vandalism	10/31/2020 10:10 PM
40	Promote bike routes outside of university so students can safely ride to school	10/29/2020 12:53 PM
41	The streets around campus need to be made safer for biking such as making the bike paths safer and making more green bike paths.	10/27/2020 9:14 PM
42	clear rules for everyone about biking on campus rules	10/27/2020 7:13 PM
43	Better wayfinding signage	10/27/2020 3:25 PM
44	bike paths	10/27/2020 3:01 PM
45	Bike are not allowed to be ridden on or across campus. Peripheral roadways are heavily trafficked and not the safest for bikes.	10/27/2020 2:40 PM
46	Clearly marked bike paths and routes through campus	10/27/2020 2:16 PM
47	Better infrastructure around campus/college town	10/27/2020 12:41 PM
48	Continuous bike lanes	10/26/2020 9:56 PM
49	Open a north-south bike route near the eastern edge of campus	10/26/2020 8:53 PM
50	incentives for people to ride their bikes to campus	10/26/2020 7:26 PM
51	Allow riding bikes to the aforementioned bike racks that are install on campus. Users must now walk their bikes, sometimes a significant distance, just to get to the bike racks.	10/26/2020 7:25 PM
52	Stop building so many parking garages, which encourages students to drive to campus instead when you can reasonably ride a bike to this campus from almost anywhere in Chico.	10/26/2020 6:59 PM
53	provide bicycling or alternative transportation education/incentives as part of new employee orientation	10/26/2020 6:46 PM
54	Places to add air to your tires	10/26/2020 6:22 PM
55	Safer bike paths around the campus area- lots of homeless, and violence (gun and knife incidents) on the paths.	10/26/2020 5:23 PM
56	Legal and safe path through campus.	10/26/2020 5:09 PM
57	Stop ticketing cyclists when the ride through campus	10/26/2020 4:43 PM
58	Better night lighting around the campus and common commute paths	10/26/2020 4:32 PM
59	more secure bike parking, bike theft is big	10/26/2020 4:02 PM
60	Involve bicycle safety and laws in its drug and alcohol course	10/26/2020 4:02 PM
61	Install more bicycle parking	10/26/2020 3:48 PM
62	Repair dilapidated bike paths.	10/26/2020 3:39 PM
63	offer dedicate (and wide) bicycle lanes throughout campus core and on streets	10/26/2020 3:21 PM
64	Improving bike security	10/26/2020 3:19 PM
65	patrol bike parking to deter theft	10/26/2020 3:07 PM
66	more protected/improved bike parking	10/26/2020 3:00 PM
67	paths through campus core	10/26/2020 2:48 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

68	Improve signage about where bikes are and are not allowed	10/26/2020 2:48 PM
69	Figure out "bikes have the right of way/pedestrians must yeild" north/south bike route as well as create a well marked bike route through the 1st St promenade	10/26/2020 2:28 PM
70	More bike parking	10/26/2020 2:28 PM
71	Incentives. Provide employee/staff/student incentives for cycling and reserve limited parking for those who need it. When I worked at OHSU in portland, employees recieved free bike valet/parking service and \$1.50 per day of cycling.	10/26/2020 2:25 PM
72	Promote across campus safety and biking on campus	10/26/2020 1:54 PM
73	Clear communication of the importance of bicycling as a key means of transportation	10/26/2020 1:21 PM
74	Bike, helmet, and lock rentals for students who can't afford to buy a bike	10/26/2020 12:58 PM
75	Better lighting near bike racks	10/26/2020 12:58 PM
76	Paths should be painted to designate area.	10/26/2020 12:56 PM
77	Reinstall tire pump stations in key bike parking locations	10/26/2020 12:21 PM
78	We now have an east-west arterial, but a north-south arterial would be great.	10/26/2020 12:06 PM
79	A barrier between bike paths and walking paths	10/26/2020 11:51 AM
80	Committment to biking as one step toward sustainability	10/26/2020 11:44 AM
81	Education - regular proactive education campaigns are needed so that college students know bicycle safety	10/26/2020 11:35 AM
82	more enclosed spaces to park bikes	10/26/2020 11:30 AM
83	Mark paths clearly and ensure that both cyclists and pedestrians know which paths (or sides) are safe for their activity.	10/26/2020 11:27 AM
84	Work with the city of Chico to make safe and dedicated by routes to and from campus	10/26/2020 11:08 AM
85	Continue improvement efforts for bike path recently added to campus	10/26/2020 11:06 AM
86	More bike lanes	10/26/2020 10:57 AM
87	add better signage for on campus bike route	10/26/2020 10:54 AM
88	provide safe bicycle parking near academic buildings.	10/26/2020 10:49 AM
89	potentially make another bike lane for students	10/25/2020 11:53 PM
90	If a lot of people do not know how to ride a bike, then it never becomes a perfect place to ride biked	10/23/2020 9:11 PM
91	Safe bike path through campus	10/23/2020 7:15 PM
92	increase awareness of bike path	10/23/2020 6:53 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

#	MEASURE 3:	DATE
1	Provide staff, faculty and students with information on safe routes through town and advocate for improved bicycle infrastructure with the city.	11/17/2020 5:39 PM
2	Clearly marked bike lanes surrounding campus	11/16/2020 5:30 PM
3	Bike monitors to ward off theft	11/16/2020 12:30 PM
4	coupons/ vouchers from local businesses or for replacement inner tubes	11/15/2020 4:15 AM
5	Secure bike parking. Currently we have 10 bike lockers.	11/13/2020 2:59 PM
6	Create tiered parking passes to encourage biking and walking	11/13/2020 11:27 AM
7	Have the mobile bike cart on campus more frequently	11/13/2020 11:25 AM
8	Signage needs to much better because everyone walks around looking down at their phones.	11/13/2020 11:24 AM
9	Rentable bike lockers near all major buildings.	11/13/2020 11:13 AM
10	bike events	11/13/2020 11:09 AM
11	adjust the current temporary bike path through campus to make it safer for pedestrians and visually impaired persons	11/13/2020 11:02 AM
12	Create a culture of bike riding to campus	11/13/2020 10:40 AM
13	Access to tools	11/13/2020 10:34 AM
14	Enforcement of rules for campus cyclists	11/12/2020 1:28 PM
15	Enforce campus bicycle, skateboarding, etc. safety rules.	11/9/2020 1:47 PM
16	Have more consequences for people that steal bikes	11/5/2020 3:48 PM
17	integrate bike path into a bridge over the creek to centrally align north/south	11/5/2020 10:33 AM
18	better advertisement of things like the bike cart, random raffle/event incentives. promotional activities "bike to work day".	11/4/2020 2:22 PM
19	Bikes for Rent on campus	11/4/2020 2:01 PM
20	Bike lockers as option for employees	11/4/2020 1:21 PM
21	bike parking security	11/4/2020 1:13 PM
22	Bike lanes, bike routes, will help with bike safety and general flow of traffic	11/4/2020 12:30 PM
23	add signage and clean up current bike lanes around campus - we need corridors for folks to commute to and from, not just on campus.	11/4/2020 11:57 AM
24	we need secure bike lockers widely available	11/4/2020 11:39 AM
25	Covered bike racks for rainy season	11/4/2020 11:24 AM
26	Providing good lighting for riding after dark	11/4/2020 10:59 AM
27	Increasing bike lanes/paths in the community	11/4/2020 10:43 AM
28	Do something about bike theft. No bike is safe on or around campus. Bikes are HELLA expensive to buy a new one in a local shop. You're stuck with getting something cheap from a large corporation or finding something used thats likely stolen. People are so poor (rich country? more like a few rich assholes controlling everyone) so its no wonder people are stealing, there's a lot of people who can't even afford food and housing. The school needs to stop demonizing the poor and homeless, stop charging so much for everything, and maybe subsidizing bikes would help	11/3/2020 9:25 PM
29	Free or very cheap chico state bike helmets.	11/2/2020 6:45 PM
30	More bike paths through the campus	11/2/2020 6:21 PM
31	Incentives for bicycle commuters	10/31/2020 10:10 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

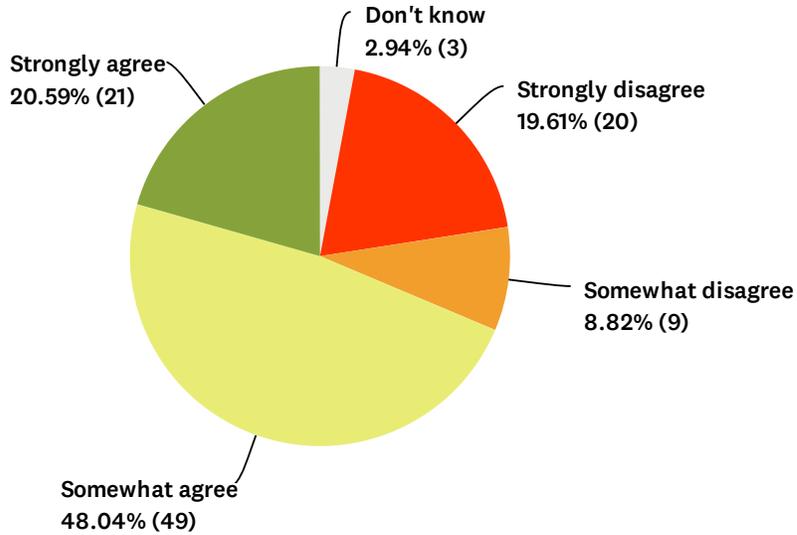

32	Promote more bike painted lines for cyclists in and around the university	10/29/2020 12:53 PM
33	Better lighting and security for bike parking areas	10/27/2020 3:25 PM
34	Education and infrastructure is lacking. Students are often seen riding against traffic and cutting in front of traffic. They lack the education on how to ride on the roadways they are required to ride on and there is not good infrastructure to access campus from these roadways.	10/27/2020 2:40 PM
35	Wider walking paths to make room for bikes and pedestrians	10/27/2020 2:16 PM
36	Development of an inclusive bike-culture on campus	10/27/2020 12:41 PM
37	Better signage for where the bike lanes are and what buildings they lead to	10/26/2020 9:56 PM
38	Clearly mark a much more adequate east-west route on the north side of the creek	10/26/2020 8:53 PM
39	bike racks within the interior of campus	10/26/2020 7:26 PM
40	Have bicycle air/repair stations around campus	10/26/2020 6:59 PM
41	incentivize bike riding by prohibiting parking permits for those that live within a certain radius of campus and finding other ways to make bicycling a more attractive options than driving	10/26/2020 6:46 PM
42	Prevent bike theft	10/26/2020 6:22 PM
43	Allow bicycles to ride through all areas of the campus	10/26/2020 4:43 PM
44	better bike lanes to get to campus	10/26/2020 4:02 PM
45	Security cameras where bike racks are location	10/26/2020 4:02 PM
46	Install security cameras at bike parking areas	10/26/2020 3:48 PM
47	offer plug-in options in a secure environment for people who have electric bikes	10/26/2020 3:21 PM
48	Offering financial incentives to bikers (parking permits fund the program)	10/26/2020 3:19 PM
49	Finish the bike path through campus	10/26/2020 3:00 PM
50	secure bike parking	10/26/2020 2:48 PM
51	Improve visibility of safe routes around the campus periphery	10/26/2020 2:48 PM
52	Figure out more security. Bike theft is HUGE and the number one reason students don't ride more.	10/26/2020 2:28 PM
53	Percieved Safety. Make bike registration free with campus police. Helps students see police as allies, not enemies.	10/26/2020 2:25 PM
54	Provide alternative bike paths and lanes that do not obstruct pedestrians or lead to unsafe conditions.	10/26/2020 1:54 PM
55	Advocacy with the city of Chico for better bike lanes, awareness of cyclists, etc.	10/26/2020 1:21 PM
56	Bike lessons - not everybody knows how to ride a bike!	10/26/2020 12:58 PM
57	A valet service to check in and out bikes	10/26/2020 12:58 PM
58	Must be different than walking paths	10/26/2020 12:56 PM
59	More traffic police presence at key intersections on campus borders (cars turning right without looking, bikers riding on the wrong side of the street, and speeding/red light violations are huge safety issues)	10/26/2020 12:21 PM
60	Showers to encourage faculty-staff to bike commute.	10/26/2020 12:06 PM
61	Better protection of parked bikes from theft	10/26/2020 11:44 AM
62	Partner with Chico Velo to enhance any broken bike paths to housing areas - most are good but there are a few areas that are more dangerous to ride and could be improved for better safety.	10/26/2020 11:35 AM
63	More security measures to keep bikes safe	10/26/2020 11:30 AM

## 2020 Bicycle Friendly University Campus Reviewer Survey

64	Safe and secure bike parking	10/26/2020 11:08 AM
65	Offer free bike registration with University Police	10/26/2020 11:06 AM
66	add additional bike lockers in areas that do not require crossing an extended section of campus where bikes must be walked	10/26/2020 10:54 AM
67	provide commuter lots with vans that could pick up bicyclists from further out so bicyclists could ride their bikes the final mile to campus	10/26/2020 10:49 AM
68	fix and increase security on the bike fixing stations	10/25/2020 11:53 PM
69	Incentive programs for cycling	10/23/2020 7:15 PM
70	educate freshmen on bike safety and bike-car interaction protocols	10/23/2020 6:53 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

#	RESPONSES	DATE
1	Lack of secure bicycle parking anywhere on campus at all, an unsafe intersection just off campus at 1st St, Shasta Way, and Broadway St.	11/17/2020 5:39 PM
2	All of the above can be improved.	11/16/2020 5:30 PM
3	With the very few bike lanes that there currently are, it is a bit confusing to know how to get around by bike if its not just the bike lane that goes from the train tracks to holt hall. It does not feel like there is much of a want for students on bicycles.	11/16/2020 12:30 PM
4	we only have 1 major bike path. pedestrians don't have the hang of it yet, and often walk in the way of bikes. We are strongly discouraged from riding a bike on campus, even when class is in session and there is less foot traffic.	11/15/2020 4:15 AM
5	Lack of secure bike parking is HUGE on this campus. I think this would drastically increase the amount of bicyclists as bike theft is a very common crime in Chico and around the University.	11/13/2020 2:59 PM
6	Because of the small size of the CSUC campus and the large number of students, the campus is mostly closed to though bike traffic. This is unfortunate and discourages bike travel.	11/13/2020 2:26 PM
7	Repair the asphalt on the bike path near Holt	11/13/2020 11:27 AM
8	Again, the campus is too small for actual bike paths through the campus. Walkers and bikers BOTH are on their phones looking down and do not travel safely. I personally have almost been hit on a weekly basis during the daytime while out for a lunch time walk. It's a beautiful campus, just too small for paths going through it.	11/13/2020 11:24 AM
9	Currently there is only one East West bike legal route through campus and there is not a single North South route through campus. Cyclist are forced onto traffic heavey arteries when attmpting to ride across campus.	11/13/2020 11:13 AM
10	The bike path along the railroad tracks can be quite dirty, broken glass, etc. And the homeless people and concerning.	11/13/2020 11:10 AM
11	Just the lack of bike paths on campus	11/13/2020 11:09 AM
12	The primary bike path that goes through campus was hastily constructed. It does not have permanent markings. There are some safety issues including no signs indicating the numerous pedestrian crossings along the pathway, Incomplete markings for visually impaired individuals, obstacles such as light poles and fire hydrants in the middle of the path, poor lighting, etc.	11/13/2020 11:02 AM
13	Lack of secure bike parking and slow to no response by campus police when people are checking bikes to steal. Bikes or parts stolen often in visible locations.	11/13/2020 10:40 AM
14	Lack of rule enforcement for bike lanes. Lack of lighting. No tools on campus to air tires or make small repairs.	11/13/2020 10:34 AM
15	Intersections on campus where large groups of students cross.	11/12/2020 1:28 PM
16	Concave mirrors needed at blind intersections around buildings. Broken pavement repair along some pathways.	11/9/2020 1:47 PM
17	While there are plenty of bike racks, I need to feel more secure that my bike will still be where I locked it. I had my bike stolen during my work shift a few years back and no longer feel safe locking it up.	11/6/2020 12:14 PM
18	It is smart that they make us walk our bikes over the bridges because that would be highly unsafe. I don't see any other issues	11/5/2020 3:48 PM
19	lack of secure bike parking at a specific popular destination, bike theft in popular bike parking destinations	11/5/2020 12:40 PM
20	There are some architectural bottle necks that are unavoidable. I think that there is a lack of enforcement creating an unsafe environment. Specifically, I have seen teenagers aggressively riding through crowds on multiple occasions where cycling is not allowed. These types of experience create an overall distrust for cyclists by the public and may lead to complications with the bike path.	11/5/2020 10:33 AM
21	not clearly marked bike lane, too narrow. Bike racks are old and crap (but look like they're	11/4/2020 2:22 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

	being replaced)	
22	The Chico Police can write harsh tickets for biking practices and there is only one place to ride on campus. The concrete can be unsafe outside of campus.	11/4/2020 2:01 PM
23	Most of the campus has a walk-only bicycle policy, with the exception of one east-west bike path. The signs indicating that there is no riding allowed are not prominent enough -- many people ride on pedestrian-specific paths without knowing the policy.	11/4/2020 1:21 PM
24	lack of bike parking security, lack of night-time security (but this is true for pedestrians walking to their cars as much as for bike commuters)	11/4/2020 1:13 PM
25	Lack of secure bike parking, lack of clear bike lanes separating bikes from pedestrians, lack of enforcement of bike rules already made on campus.	11/4/2020 12:30 PM
26	to address - lack of signage, lack of agreement on whether bikes even SHOULD be allowed on campus, lack of designated lanes. the 1st Ave sidewalk (running by the library, BMU, etc) is a perfect opportunity to convert a portion to a bike lane, and is an essential corridor for bicyclists already (even though it's technically not allowed to have bikes)	11/4/2020 11:57 AM
27	Bicycling on campus is supposed to be prohibited, according to the institutions own policies, thus it should NOT feel safe or comfortable to do so. Nonetheless, the practice is widespread and the policy is unenforced, resulting in unsafe conditions for everyone - it's a joke. Second, security is non-existent - bicycle theft is epidemic and the campus police do nothing to prevent it or try to recover stolen bikes. It's a horrible situation. There are about seven bike lockers on campus, access to which is unfairly distributed by fiat and an inheritance system.	11/4/2020 11:39 AM
28	The only bike path we have on campus runs along an old road but is squeezed up against where the foot traffic from the bridges meets the road. Many of these intersections are lined with bushes and users of the bike path cannot see the pedestrians approaching and the pedestrians cannot see the cyclist. It's too dangerous and the bike path should be moved to the middle or the other side of the old road.	11/4/2020 11:24 AM
29	as a staff person, i don't ride my bike on campus as it is mainly prohibited. i park at laxson which during the summer and winter intersession times feels very vulnerable to theft. i would like a bike spot to lock up in kendall but that is unlikely!	11/4/2020 11:17 AM
30	More lighting in 2nd street around campus, covered bike parking for rainy days in more locations	11/4/2020 10:43 AM
31	Bike theft is a major problem - Lack of police presence, sadly no enforcement of bike safety or pedestrian safety	11/4/2020 10:21 AM
32	I think the main problem is bike theft. I don't know what the school can do besides STOP demonizing poor and homeless people, and forcing students to overpay for an education. I believe its a poverty issue, and the school only offers bandaid 'solutions' to that, such as a food pantry, temporary financial aid, and suggestions (?), meanwhile forcing students into debt and making us pay expensive fees, textbooks, and online service subscriptions to submit homework. This is part of a wider problem that the school can't fix, but should definitely STOP contributing to.	11/3/2020 9:25 PM
33	Biking is not allowed on campus	11/3/2020 7:33 PM
34	More or more effecient lighting for bike racks and around campus. The bike paths by the rail road tracks are not lit enough and are scary but are heavily. Going East out of campus needs some bike paths set or created to navigate through and round the down town area to get the the housing east of down town out to beyond the freeway.	11/2/2020 6:45 PM
35	Warner Street through campus is very bumpy - every cross cut has a mound of pavement - it is awful to try to ride on. The bike lane on Warner needs to be buffered and maybe protected. Access to campus via one way streets is not favored for bikes - too long to go around the loooong block in mansion park to get to Butte Hall area. Bicycle parking near buildings in generally pretty crappy styles of racks and many are bent up. Need good bike cuts to get on the pilot project path so that is does not crowd pedestrians. Clear separation between pedestrians and bikes would be very good and improve safety and the attitude towards bikers by walkers and others.	10/31/2020 10:10 PM
36	Enforcement on campus prohibits cycling on campus. Lack of bike route connections to campus for students commuting. Bike theft on and around campus is a problem.	10/29/2020 12:53 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

37	Described above in strengths and measures, but in general, I feel unsafe biking at night around campus and I think the car traffic around campus makes biking pretty unsafe as well, especially downtown.	10/27/2020 9:14 PM
38	lack of secure bike parking, bike lanes unclear	10/27/2020 7:13 PM
39	Biggest barrier in my opinion is that you must dismount when you get onto campus in most places. There should be more bike friendly pathways. Also, better lighting/security in bike parking areas.	10/27/2020 3:25 PM
40	n/a	10/27/2020 3:01 PM
41	Bikes are not allowed on campus. This could easily be solved with painted lanes as there is plenty of room on the walkways. On the West side of campus, Warner St is commonly used to access Campus. It is congested and with numerous crosswalks, dangerous for bikes, pedestrians and cars. When riding from north of campus, Bikes are required to cross Warner to access campus. There is a lighted intersection at Legion Ave off of Warner, but there is no dedicated turn arrow. Cyclists have to quickly jump across a congested street with peds all over and cars pressuring them from behind. This is one of the main reasons students ride 2 way on the east side of Warner. On the east side of Campus, there is a City Park bordering it. The park is fenced in with a tall curb and gutter on Broadway street. There is no bike lane or shoulder and there is busy, downtown traffic funneling in on this road. This is the main way to access south and east campus from the north where most of the student services and campus entrance are. Alternatively, A student can enter at the Bidwell mansion and then dismount their bike and walk through campus as riding is not allowed on campus. Campus cannot be accessed from the north via bike as it borders the high school. Anyone coming from the north must access main campus via the west or east sides, but these are both not great options. A vast majority of the student housing is south and west of campus, but that is not exclusively the areas that students live.	10/27/2020 2:40 PM
42	The main reason I don't ride my bike to campus is because of how prevalent bike theft is. Bikes parked on campus are constantly getting parts stolen or the entire bike is stolen.	10/27/2020 2:16 PM
43	Lacking of awareness that cyclist need a consistent road, or connection to continuation roads. Not lit well at night.	10/26/2020 9:56 PM
44	Nearly all of the campus is closed to bikes, only one poorly marked path that traverses campus. The campus is a major roadblock to transportation cycling in that part of the community and has a long history of hostility to cycling on campus. One - admittedly very bad - bike/pedestrian collision years ago was met with the knee-jerk reaction of closing virtually the entire campus to bikes rather than looking for ways to let cyclists and pedestrians co-exist safely.	10/26/2020 8:53 PM
45	The campus put in a temporary bike path last year to pilot the bike path in the middle of campus. Students walk in the bike path and many don't recognize that it is not a walking path.	10/26/2020 7:26 PM
46	The primary barrier to cycling on campus is that it is not allowed and is subject to pretty hefty fines by campus police.	10/26/2020 7:25 PM
47	Cycling is not allowed on campus so obviously that is the biggest barrier. Campus police will give you a ticket for riding on campus. That's why I answered that I don't feel comfortable riding on campus, otherwise, yes I would feel comfortable riding on campus. I'm confused why they are applying to be a Bicycle Friendly University when bicycle riding is prohibited on campus.	10/26/2020 6:59 PM
48	The path through campus is still very new and should continue to be the focus of education/signage efforts to educate that people can now ride their bikes through campus and alert pedestrians.	10/26/2020 6:46 PM
49	The designated bike path through campus is not safe and collides with pedestrians. I will not park my bike in the campus provided bike parking, it is not secure. I have had parts taken off my bike and know of many that were stolen.	10/26/2020 5:09 PM
50	Harsh enforcement of riding a bicycle on campus. I have seen many persons receive tickets for riding a bike on campus as well as been warned myself. I never ride my bike on campus for that reason. They need to have some additional biking lanes or areas on campus that would encourage cycling. At this time, I don't ever ride my bike on campus due to their current rules and lack of bike paths.	10/26/2020 4:43 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

51	Poor lighting in the neighborhoods around campus	10/26/2020 4:32 PM
52	You are not allowed to ride a bike across campus except on the new path that was created.	10/26/2020 4:20 PM
53	transients, no bike riding signs, congested traffic around campus	10/26/2020 4:02 PM
54	You are not allowed to ride bike on the campus, making it difficult to get between classes on time. Almost everyone who has lived in Chico and has ridden a bike in Chico has been hit by car. The street lights in Chico will not change to green when a bicycle rider is legally riding on the road, leading to illegal turns and have to ride on the sidewalk. The bike path that goes through Chico is extremely dangerous at night. Poor signage on the roadway notifying drivers of the law. Poor law enforcement for ticketing drivers for illegally drive too close, not sharing the road, blowing red lights, and speeding in high traffic areas.	10/26/2020 4:02 PM
55	Biking is currently banned on campus, though this is largely unenforced.	10/26/2020 3:48 PM
56	Chico, and Chico State suffer from rampant bike theft. More secure bike parking is needed. In addition, on-campus bike-friendly paths are needed to make this campus truly bike accessible.	10/26/2020 3:39 PM
57	Memorial Way from Esplanade to Mangrove is busy and dangerous. There is no demarcated area of bicycles and parked cars open doors into on coming traffic. This road leads to Chico State, but also Chico Junior High School (located on Memorial Way). This would be a City of Chico project that the university could support to improve the safety of bikers using a main thoroughfare to campus.	10/26/2020 3:19 PM
58	Cycling is actually forbidden on campus. I don't know why this university thinks it can bamboozle anyone into giving them a 'bicycle-friendly' designation. There is only one bike lane on campus, which does not go where people need to go.	10/26/2020 3:07 PM
59	Bikes are not allowed on the core of campus due to the compact nature and number of students. This is a good plan, but University Police to almost nothing to enforce it. It encourages those prone to bad behavior act badly and those that follow the rules be really frustrated (especially at the Police and the University Admin).	10/26/2020 3:00 PM
60	need clearly marked bike routes through the campus core	10/26/2020 2:48 PM
61	Right now, bicycling is banned on most of campus, which is appropriate (I say this as a daily bicycle commuter). But signage is poor--there are best practices around the country for clearly delimiting where bicycling is and is not permitted. Also, the "temporary" trial bike lane through campus had very ambiguous signage, so some people understood it to be a bike route and others did not. If there is going to be a route through campus, it should be clearly labeled and signed.	10/26/2020 2:48 PM
62	Lack of secure bike parking, poorly marked bike routes, extremely limited bike routes through campus, remote locations for bike racks that go unused (specifically in front of UPD)	10/26/2020 2:28 PM
63	1. Bike theft concerns. Most employees and staff, according to surveys, are afraid of bike theft on campus. 2. Bike mobility. Only one east to west bike route through campus as a pilot project. Making this access permanent and opening another east/west access via 1st ave may help feeling of safety and access. 3. Car traffic in mornings and evenings on warner/ivy. Car access to warner/ivy can scare bike riders traveling north to south. Blocking car access to warner/ivy street would help cyclists feel safer around campus.	10/26/2020 2:25 PM
64	There is a clear lack of secure bike parking on campus. Chico has a very high rate of bike theft and more students, staff, and faculty are taking risks to lock bikes in public outdoor areas. Intersections for bike and pedestrian safety are not clear and remain unsafe, specifically where bridges meet thoroughfares.	10/26/2020 1:54 PM
65	In Butte County, we have an environment that doesn't always promote safety from automobile drivers toward bicyclists. One of the most important ways to change that is to encourage more cyclists on the roads. In addition, some of the city's changes to encourage cycling (like bike lanes) are inconsistent or illogical, which creates hazards.	10/26/2020 1:21 PM
66	Bike theft and bike damage is a major problem on campus. At minimum, there should be secure bike parking for on-campus housing. Bike valet options would be popular and offer student employment positions.	10/26/2020 1:05 PM
67	Bike riding is not permitted on campus.	10/26/2020 12:58 PM
68	People ride outside of the dedicated lanes in a busy campus environment (when on campus).	10/26/2020 12:58 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

69	the campus it too small to have paths cutting through campus. Bikes should ride around (takes an extra 3 min). There is not enough space for bikes and walkers. Too many people on their phones and it's VERY dangerous. I've been hit and almost hit multiple times as a walker.	10/26/2020 12:56 PM
70	--bike theft --tire pumps/bike tool station in disrepair --lack of enforcement for traffic violations at key intersections (especially 2nd St) --lack of covered bike parking --staff and faculty not allowed to bring bikes into their offices --homeless presence makes city bike paths feel unsafe or simply unpassable	10/26/2020 12:21 PM
71	Pedestrian are not safe on campus because cyclist do not follow posted rules.	10/26/2020 11:51 AM
72	I rode my bicycle to Chico State when I attended 20+ years ago and as an employee I still ride my bicycle. Regular and continuous maintenance to bicycle paths are always needed. But, secure bike parking is the most critical need. Bicycle theft is a major issue in Chico (and many places really). I ride a junker bike to the school that I lock with 2 types of locks that are more expensive than the bike. Because Chico State has so many bicycle racks dispersed in convenient locations at every bicycle path inlet it makes parking convenient but also makes the bicycles vulnerable to the criminals who steal bikes. I do not know the answer. Do you take away the convenience of bike parking to lock all bikes in a fenced lot with a guard? It is an issue but it will not keep me from biking. I just won't ever bring an expensive bike with new components and park it on campus or anywhere downtown.	10/26/2020 11:35 AM
73	Really need to establish a sectioned off bike path through campus	10/26/2020 11:30 AM
74	Footbridges, Breezeways, and narrow paths are hazards to both pedestrians and cyclists. There is not space for both to coexist, and while paths are marked, enforcement is non-existent. This means that cyclists may encounter pedestrians where they are not expecting to, or other cyclists and skateboarders. These areas need to be enforced for safety's sake!	10/26/2020 11:27 AM
75	No secure bike parking and extremely high rate of bicycle theft	10/26/2020 11:26 AM
76	conflict between bikers and walkers during peak hours	10/26/2020 11:10 AM
77	The main hazards have nothing to do with riding a bike on campus. The hazards are getting to campus and a lack of secure bike parking options. The City of Chico is not bike friendly and so no matter what CSU Chico does it will not be a bike friendly campus unless the City or CSU Chico works with the City to improve safe bike routes to and from campus. There need to be a major overhaul of safe bike infrastructure and routes around the campus but extending throughout Chico. Without this city-wide infrastructure I do not think CSU Chico can be a bike friendly campus.	10/26/2020 11:08 AM
78	Improve markings/delineation on recently added bike path along creek.	10/26/2020 11:06 AM
79	Bike racks in front of the old Physical Sciences building were installed backward when moved from the side of the building.	10/26/2020 10:54 AM
80	The bike lane in front of Holt needs to be repaved, or at least fix the cracks and potholes. Enforce repair measures/checks on the bike repair stations.	10/25/2020 11:53 PM
81	Just the lack of on campus pedestrian respecting the bike lane; they walk right in it thwarting bikes, education and outreach needs to be done professionally not by student volunteers making posters. Proper signage and outreach to the community in general that use the campus for recreation and a go between. Ban dogs on campus.	10/24/2020 12:23 AM
82	Bike racks available anywhere, but a lot of items get stolen: Saddles, wheels. Some of this has to do with the amount of homeless people around.	10/23/2020 9:11 PM
83	Campus prohibits bicycles on most of campus. Cycling TO campus is very good.	10/23/2020 7:15 PM
84	blind corner at the eastern start of the campus bike path (northeast corner of Physical Sciences), address bike theft issues	10/23/2020 6:53 PM

## Q10 Is there anything else you would like to add about bicycling on this campus?

Answered: 68 Skipped: 105

## 2020 Bicycle Friendly University Campus Reviewer Survey

#	RESPONSES	DATE
1	Bicycling on campus itself is very limited (as is driving a car). Bicyclists should be able to cross campus without getting off of their bicycles and walking.	11/17/2020 5:39 PM
2	Chico has been a bike friendly town in its history, but as more roads are impacted due to population increases it becomes increasingly more dangerous to commute via bicycle. Another threat to bicyclists is how often driver's look at their phone while driving. This translates to providing stronger and more obvious bike lanes.	11/16/2020 5:30 PM
3	Students should be able to feel like they can also get to and from their home on bike. This requires better bike lanes throughout the surrounding part of the city. This would get rid of the current problem with so many people riding the wrong way on roads/on the sidewalks.	11/16/2020 12:30 PM
4	It helps to have a bell to alert people who are walking. The pedestrians really don't mind, but the university needs more bike paths across campus because it's very spread out	11/15/2020 4:15 AM
5	Has never been a priority	11/13/2020 3:21 PM
6	Our community and campus are very welcoming to bicycles	11/13/2020 11:27 AM
7	I would highly encourage more biking to campus.	11/13/2020 11:24 AM
8	This campus has been historically hostile to cyclists. However, progress, such as the creation on a East West bike route through campus, is happening.	11/13/2020 11:13 AM
9	Until last year, there was a complete prohibition of biking on the campus core. Once the bike path was constructed the allowance was made for that path only to allow cycling and skateboarding. The location of the bike path is not ideal which causes riders to go against regulations and ride in other areas of campus that are more safe and convenient.	11/13/2020 11:02 AM
10	Clean bike path on campus border since riding through campus is mostly not allowed because small campus. Leaf and branches force rider into street.	11/13/2020 10:40 AM
11	I encourage it, but pedestrian safety should come first.	11/12/2020 1:28 PM
12	I consider myself an advanced (lifelong) cyclist; if I weren't I would have more concerns about safe bicycling on campus. I love the trees of the campus arboretum and people are generally here during daylight hours, but at night it can be unsafe for the beginner and distracted cyclist.	11/9/2020 1:47 PM
13	there is little option to actually ride a bike ON campus, but lots of option to ride TO.	11/6/2020 1:40 PM
14	There is no bike riding allowed on campus, except one newly added lane. Thus, I would never feel comfortable, safe, or encouraged to ride a bicycle ON this campus. However, when it is not 100 degrees, a 10 hour day, raining, or I need to drop off my kids at school, I enjoy riding my bike TO campus.	11/6/2020 12:14 PM
15	One thing is just that I knew several individuals whose bikes or parts of their bikes were stolen within the first week of them being on campus. That is highly concerning.	11/5/2020 3:48 PM
16	Young cyclists need to be encouraged to ride on the right side of the road more. It creates an unsafe situation on warner street, especially when there is traffic.	11/5/2020 10:33 AM
17	On the right track, just need better enforcement/announcement/advertising etc. Could add 1 more bike lane across the middle of campus (between Glenn/Kendall) without substantially impacting pedestrian traffic. Also could add a bike lane up the BMU walk, that sidewalk is HUGE.	11/4/2020 2:22 PM
18	I would like to see more biking paths.	11/4/2020 2:01 PM
19	Chico is a mostly-flat, small city; even people living at the edge of town have a commute of less than 7 miles each way. My commute is 3.5 miles each way, and I bike commute about 240 of 250 work days each year. This is a great city for biking, and the campus is supportive of bike riders and bike riding.	11/4/2020 1:21 PM
20	we have SO much potential but need to get past the inertia of "we've never had bikes on campus, why should we do it now" kind of attitudes	11/4/2020 1:13 PM
21	As soon as there is more secure bike parking (lockers, locked fenced areas, etc., then I'll feel more comfortable riding to campus and parking my bike.	11/4/2020 12:30 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

22	Big thank you to all the people working on this effort! Campus Sustainability, Chico Velo, members of city/county govt, and many others.	11/4/2020 11:57 AM
23	There is nothing the institution has done to promote bicycling to/from campus. Having said that, I continue to commute by bicycle routinely. I am a dedicated, life-long cyclist, and I have never let backwards-thinking institutions deter me.	11/4/2020 11:39 AM
24	It would be nice if bicycles were allowed to be ridden on the south side of the creek where the majority of our buildings are.	11/4/2020 11:24 AM
25	the area around downtown to navigate home is a little challenging with traffic esp. at quitting time (pre covid). it would be nice to have a bike lane in the main artery of campus (like uc davis), but too many people break rules, so maybe not a good idea.	11/4/2020 11:17 AM
26	Traffic around the campus is way too high to be bike friendly	11/4/2020 10:21 AM
27	Not allowing biking on campus sucks and its limiting. The new bike path was a nice gesture but it went through a narrower pathway and not the widest path on campus, plus it was poorly marked. You have to ride your bike on the streets around campus to get places, and you can get in trouble with law enforcement if you try to ride on campus. They recommend U-locks, but anything not directly locked (wheels, seats) get stolen anyway, and it doesn't address the actual problems. People who regularly ride bikes to school are more likely to have had a bike stolen at some point than not.	11/3/2020 9:25 PM
28	Get those green rental bikes people can rent with their student ID cards and phones. People will use them.	11/2/2020 6:45 PM
29	I would like to see a good system of well-marked paths through campus. There is not an easy safe way to go around campus from north to south - we need a good, well-marked, safe bike route from Sacramento Avenue area to South Campus neighborhood. I wish we were on campus so that we could bike there.....This semester is hard.	10/31/2020 10:10 PM
30	The infrastructure for cycling to and throughout the campus is very close to complete. If painted bike lanes and signage were increased in and around campus and throughout the city, more students would commute.	10/29/2020 12:53 PM
31	I would love to bike more to campus with some improvements!	10/27/2020 9:14 PM
32	its great, its a beautiful campus to ride a bike through	10/27/2020 3:01 PM
33	On main, wide, open walkways, designate a painted area for bike traffic.	10/27/2020 2:40 PM
34	I would love to ride my bike to campus. But the pathways are usually clogged by pedestrians and I don't feel my bike is secure being left unattended for extended periods of time at the bike racks.	10/27/2020 2:16 PM
35	Education about cycling safety for walkers and riders is a must	10/26/2020 9:56 PM
36	That it is basically prohibited.	10/26/2020 7:25 PM
37	It should not be prohibited.	10/26/2020 6:59 PM
38	covered parking would be nice to shelter bikes from rain in the winter	10/26/2020 6:46 PM
39	Nobody bikes on campus right now, it is pointless. I have been in Chico since I was born, 1977, and have lived blocks from campus. It has never been bike friendly through the campus since my time here. As a kid, I would have to walk my bike through campus to get to my destinations around the city since they didn't, and still don't have good bike paths through campus.	10/26/2020 4:43 PM
40	Working with city of Chico to improve bike commuting into downtown Chico.	10/26/2020 4:32 PM
41	There is no bicycling allowed on this campus. You can bike to campus, but not across or through campus (except on the new path that is only on a trial basis.	10/26/2020 4:20 PM
42	when I attended CSUC, you could not go end to end in any direction on bike paths. You had to take city streets which are a mess around campus.	10/26/2020 4:02 PM
43	Students don't cycle because it's safe or easy to do. They do it because of the extremely poor, limited and expensive cost of parking near or on the campus. Students risk their lives everyday due to the lack of access to safe pathways, a lack of law enforcement and a lack of	10/26/2020 4:02 PM

## 2020 Bicycle Friendly University Campus Reviewer Survey

community awareness of the laws. Although there are many cyclists in Chico, that does not make Chico a cycling community.

44	thee will be more and more electric options such as single-wheel skateboards, scooters, bicycles, etc. and there needs to be places for those people to travel safely on campus.	10/26/2020 3:21 PM
45	Secure, weatherproof bike parking garages/ sheds.	10/26/2020 3:19 PM
46	Bike lanes. Build them, and stop pretending you're bike-friendly until you do!	10/26/2020 3:07 PM
47	It is too small and to densely populated for wide spread biking. The biggest obstacles are not that there is no bike path through campus it is primarily the lack of good, safe, available bike parking, bike thefts, and a lack of interest from the masses to ride their bikes. Fix those issues and more people will ride to campus.	10/26/2020 3:00 PM
48	bike theft is really high	10/26/2020 2:48 PM
49	Bike theft is a big problem on campus, despite there being excellent, safe bicycle parking. I think outreach to bicycle owners would be very helpful--and perhaps some support for quality bike locks.	10/26/2020 2:48 PM
50	This should be a top priority for us and proper marking, signage, and a "bikes first" philosophy could be trained into our campus culture to make a big difference. However, resistance to promote bike traffic because of an accident that happened over two decades ago fails to recognize that safety markings and protocols could be put into place to prevent accidents and make biking a preferred activity for our students.	10/26/2020 2:28 PM
51	The city of Chico has put a lot of resources into improving cycling access in downtown in the last 10 years. It would be wonderful to see campus put in a similar improvements to favor cycling over the limited access to parking. The campus has improved bike parking by adding more infrastructure and better bike racks. However, car parking infrastructure has seen massive investments in the last 20 years relative to cycling and still the number one complaint of students and employees is poor car parking access. Perhaps incentivizing cycling could alleviate the ever increasing demand on car parking infrastructure.	10/26/2020 2:25 PM
52	With concern mounting on the care of our environment along with the lack of car parking on campus, the university needs to promote biking to and from campus more. Specific measures on public awareness, clearly designated bike lanes, and bike parking need to be address to allow for a proliferation of biking and safeguarding our natural environment.	10/26/2020 1:54 PM
53	There is interest and an excellent physical environment, which leads me to see great opportunities for bicycling at California State University in Chico.	10/26/2020 1:21 PM
54	Bicycle riding is not allowed ON the campus, which is appropriate as the campus is not large, and there are many pedestrians. dicycle riding TO the campus is encouraged, and the above are answered in that light.	10/26/2020 1:19 PM
55	Chico is a very bike friendly community. With access to secure bike parking, many more students, faculty and staff would transition to this transportation option.	10/26/2020 1:05 PM
56	We have (and could add more) bike racks to make it easy for students to ride to campus and park their bikes. The DO NOT need to ride through campus. It only takes 8 min to walk from one side of campus to the other.	10/26/2020 12:56 PM
57	We live in a bike-friendly town with a large bike culture. I'm not sure why biking to and from campus is not more popular. I think it would help if the campus administration set the tone and prioritized biking as a transportation option and offered incentives for doing so--and modeled doing it themselves.	10/26/2020 12:21 PM
58	Yes, I do believe that Chico State should have the distinction of a bicycle friendly campus. Chico is a bicycle town. The bicycle community is strong and healthy. One very important part of the Chico State experience for the students who attend is getting to be a part of the Chico community. Community is important to all of us and being able to share the love of bicycling with the students is an important part of what the Chico community can provide.	10/26/2020 11:35 AM
59	Chico has a long history of being bike-friendly, and supporting the biking community on campus. Its recent efforts to expand the number of bike paths on campus has been contentious though, and it is difficult to say whether the new walk-and-bike paths are successful, given the short amount of time they were tested at capacity prior to Covid-19	10/26/2020 11:27 AM

## 2020 Bicycle Friendly University Campus Reviewer Survey

vacation of campus. That said, I do think that Chico (both city and University) are great places to bike, host cycling activities, have cycling valet parking at events, and the University has done a lot to help cyclists be safe on their bikes (mandatory registration of bikes, welcoming a bike repair kiosk onto campus, etc.)

60	The university should encourage faculty, staff and students to ride their bikes to campus, but NOT on campus. I was, a student when a young woman was seriously injured by being hit by a bike. As a student, I was hit by a bike on campus. Adding bikes will also make our campus less accessible to those with disabling conditions (e.g. blind or visually impaired persons).	10/26/2020 11:20 AM
61	no	10/26/2020 11:10 AM
62	Campus is not a major biking area. For the most part, we cannot ride bikes on campus for good reason. Campus is a very pedestrian friendly campus. Do not give CSU Chico a bike friendly status unless it works with the City to improve to and from campus safety and access AND provides secure and ubiquitous bike parking on campus.	10/26/2020 11:08 AM
63	No.	10/26/2020 11:06 AM
64	Cycling is not allowed in the campus core, so I'm addressing the campus efforts to encourage and facilitate cycling to campus.	10/26/2020 10:54 AM
65	enforce policies that restrict pedestrians walking on the bike path to reduce injury.	10/25/2020 11:53 PM
66	I have no idea while my university would apply for this designation. Yes there are bike racks everywhere on the edge of the campus, but until recently it was forbidden to ride your bike on campus. Now they opened a bike path. This is however so recently that I cannot say that the university is bike friendly. Furthermore at several locations there were bike pumps available, but they are not in working condition anymore. You further asked if I feel safe or comfortable my bike. The answer was absolutely yes for both, but this has more to do with my growing up in Germany. I learned to ride my bike in traffic. If you asked me if all people actually know how to ride the bike on the correct side of the road or if everybody is wearing a helmet, I have to say no. If Chico would be chosen as a bike friendly university, I really had to laugh about it.	10/23/2020 9:11 PM
67	Safe cycling on campus should be a goal.	10/23/2020 7:15 PM
68	I ride my bike to campus 100% of the time, it's better than driving, especially on rainy days!	10/23/2020 6:53 PM
