HYBRID FORMAT

Through the Social Work DL Program curriculum is delivered in a hybrid format that combines online and face-to-face coursework. Students attend courses on the Chico State campus two weekends per semester (fall, spring, and summer) and attend regularly scheduled live class sessions through Zoom webinar platform.

BSW & MSW PROGRAMS

The BSW DL Program offers an accelerated, two-year course plan or a part-time, three-year course plan. BSW admission occurs once each year.

The MSW DL Program offers a three-year, part-time course plan with a cohort model. The one-year MSW DL program is an accelerated, advanced-standing program offered once every three years when spots become available. MSW DL admission occurs once every three years.

ADVISING INTERNSHIP SUPPORT OPPORTUNITY

Faculty and staff provide an abundance of student support through academic advising, internship placement, and overall program assistance. Advising is mandatory to ensure on-time graduation.

GROW OUR OWN

The Distributed Learning program educates and professionalizes social workers in the Northern California Chico State Service Area, who are passionate about social justice and change, and want to help support their communities.
