LOOK! Kids@Turner - March 31, 2020

LOOK@ALL the ART RIGHT HERE at HOME!

There is art all around us at home. It could be hanging on the wall in a frame, or sitting on a special table—it could be the table itself! Anything that a person has made with attention to its visual composition and beauty is art. Make a small sketch of a piece of art at your house.

Artist Name ____________________________ Title ____________________________

Medium ____________________________ What room it’s in ____________________________

What thoughts and feelings are on your mind as you complete your sketch?

______________________________________________________________________________

______________________________________________________________________________

Now grab your art materials and make something that expresses your feelings right now.
